In Attack At Bizerte

French Units Hit Tunisian Forces By Land, Sea, Air

By The Associated Press
TUNIS (AP)—Radio Tunis said the French launched a coordinated attack by land, sea and air today against Tunisian forces surrounding the French naval base at Bizerte.

The broadcast reported the city of Bizerte badly damaged in the attacks and its water and electricity supplies cut.

The French were silent on this latest report from the undeclared war aimed at forcing the French out of the big North African base.

But President Habib Bourguiba mounted a diplomatic offensive to back up his civilian-military show of force. He took the case to the United Nations and broke diplomatic relations with France over the issue, a bone of contention between France and its former protectorate long before violence broke out Wednesday.

Tunisian troops and civilian volunteers resisted the French at

lack "heroically," the radio said, and they suffered numerous dead and wounded.

Radio Tunis said French planes from the carrier, Arromanches, fired rockets in low-level attacks on the barricades. It added that the planes were backed up by the big guns of the cruisers, Colbert, Bouvet and Chevalier Pual. This reported artillery barrage appeared to be a cover for thrusts Radio Tunis said were being made by French armored cars and tanks.

The Tunisian president, trying to drive France from the big naval base it retained after its Tunisian protectorate gained independence in 1956, told a news conference 24 Tunisians had been killed in clashes with French troops.

Sources in Paris said two French soldiers had been killed and 20 wounded in clashes with the Tunisians Wednesday and early today.

U.S., Allies Will Confer Upon Berlin

Kennedy Decisions To Be Outlined For Other Big Powers

WASHINGTON (AP) — The United States was expected today to begin immediate consultation with the Allied powers on President Kennedy's decision for reinforcing Allied military power to meet the Soviet threat over Berlin.

Kennedy met with his top diplomatic and military advisers in a session of the National Security Council at the White House late Wednesday.

Press secretary Pierre Salinger said after the meeting "there were decisions made." He said that the administration now enters into "the phase of consultation with our allies."

Kennedy's specific decisions were not disclosed, but it is believed that he made a basic policy determination to increase the size of U.S. armed forces to meet the Berlin crisis. He made clear at his news conference Wednesday he considers the threat to be worldwide.

Present U.S. regular Army and Marine Corps ground strength totals about 1,032,000, of which 856,000 is Army. In the reservoir of ground forces are about 399,000 National Guard troops, 300,000 trained Army reserves and 208,000 in the ready reserve of the Marine Corps.

Administration officials had been saying privately for several weeks that the developing threats against Berlin by Soviet Premier Khrushchev provide the focal point of danger at present but that the peril to U.S. interest in such distant places as Southeast Asia, which Kennedy himself had mentioned at the news conference, must be taken into account.

Another security council meeting was scheduled for today. But it was understood to have been called to deal with problems other than Berlin.

The President has clamped a secrecy lid on Wednesday's decisions pending a TV-radio report to the nation next Tuesday night and a message to Congress on Wednesday.

The President's decisions are understood to fall in three categories:

1. Those requiring actions for which he has the authority to

Pickens Asks School's Post

2nd Aspirant Filed In Wellsville Race

A second candidate for a post on the Wellsville Board of Education was filed with the County Election Board for the Nov. 7 general election.

William T. Pickens, 727 Broadway, was one of seven to file with the board for non-partisan village, township and school posts.

The other new candidates include C. R. Carter, for Salineville Board of Public Affairs, and five for township trustee posts. They are Howard E. Adams, for Washington Township; George H. Everett, Center Township; Earl Hardy, Knox Township; William K. Greenwood, Elkrum Township; and Elmer Lee Hardgrove, Butler Township.

Pickens is the second to file for the Wellsville school board, where the terms of Russell S. Dyser and David T. Brookman are expiring. William F. Ferrall filed earlier.

Making his first bid for public office, Pickens is a native of Racine and was graduated from public schools there. He attended the Ohio Valley Business College in East Liverpool, Bliss Business College in Columbus and an electronics school in Warren.

A shipper in the cold strip department of the Midland Works of the Crucible Steel Co., he is married and the father of three daughters. He is a member of the Official Board of the Central Methodist Church and the MacDonald and Daw Junior High Parent-Teacher Associations.

Charleston Hit Hard By Cloudburst

Others Missing As 5.14 Inches Fall In Period Of 4 Hours

CHARLESTON, W. Va. (AP)—A sudden summer storm stalled over Charleston Wednesday night, turning streams into raging torrents that battered houses, trees and trailers into piles of rubbish. Eleven persons were confirmed dead. The number of missing, 20 at one time, dropped steadily during the forenoon.

One of the dead, a boy about 6, was believed to be one of the four missing children of a single family. The others were feared dead.

Small creeks that usually dry up in midsummer became roaring rivers that picked up buildings as if they were children's blocks and dashed them against each other.

The storm in less than four hours dropped more than five inches of rain on the area.

It came so suddenly that some persons still were in their homes as they were swept off their foundations.

Mayor John Shanklin asked that the city be called a disaster area. Gov. W. W. Barron, roused from sleep at White Sulphur Springs, quickly conferred with top state officials on the emergency.

Virtually all of the dead were drowning victims. One man stepped from his stalled car, was swept underneath it and drowned.

Grimy search parties, soaked from head to toe, searched the shambles along the dozens of creeks for the storm's victims through the long night and morning hours.

It was a job that would go through the day. Many areas still were not accessible.

"My God, man, there are houses up there in the middle of the street," yelled one rescue group to another at the height of the rampaging stream. "Don't get caught up there."

That street, a few hours before, was a pleasant residential district lined with modest homes. Today it looked as if a sudden tornado had swept down the hollow.

Charleston, a city of some 85,000, lies in the narrow valley of the Kanawha River, where it is joined by the Elk River. Its steep hills on every side provide one-sided funnels, as you would fold a piece of paper to pour water into a narrow-mouthed jar.

The steepness of the hillside quickly dumped the rainfall into the narrow troughs. The water built up force and its momentum swept everything in its path.

Families by the twos and sixes straggled into hastily prepared shelter areas at the Salvation Army and Union Rescue Mission centers. The smell of hot coffee blended with the odor of wet blankets.

Hospitals and funeral homes identified these as dead:

Sherri Lynn Givens, 9.
Helen Givens, 38.
Frank Sayre, 38.
Carolyn Thompson, about 5.
Alex Voires, age unknown.
Fred Wooten, age unknown.

The bodies of a man, a woman and two children remained unidentified.

A young girl, red-eyed with worry about the rest of her family, held a chubby child belonging to a neighbor on her lap. She was too numbed even to give her name. Her family later was found.

No one would attempt to estimate the amount of damage.

The storm, once over, moved away quickly. Bright skies greeted the beaten city at dawn, with only a few fluffy clouds overhead.

Katanga Threatens To Seek Soviet Help

ELIZABETHTOWN, Katanga (AP)—Moise Tshombe's Katanga government threatened today to seek Soviet help to prevent this rich province from being forced to join a united Congo.

The minister of the interior, Godefroid Munongo, charged that the U.N. Security Council and the United States was determined to unite the country "without taking into account the legitimate aspirations of the Congolese people."

Hancock Auto Mishap Hurts 4 On Route 2

2 Autos Hit Head-On Straightaway; Monaca Man Cited

Four were injured in a near head-on auto collision about 3:10 a. m. today on Route 2 about midway between Chester and New Cumberland, according to the Hancock County sheriff's office.

Deputies said cars driven by Charles Doyle, 41, of Cascade Rd., Monaca, and James McFadden, 66, of Struthers collided on a straight section of the highway.

Doyle was driving two feet, four inches across the center line, officers said. Arrested for driving left of center, he was fined \$25 and costs at a hearing before Squire Harry Lytton of Newell. He entered a plea of guilty.

Officers said both cars were traveling 40 to 50 miles an hour. Had they been traveling any faster, the occupants could have been killed, they remarked. Some \$1,200 damage resulted to Doyle's car, while McFadden's sedan was demolished.

Doyle suffered a laceration of the chin. Christ S. Hines, 60, of Monaca, a passenger in the Doyle car, suffered severe contusions and abrasions of the forehead, knees and right elbow.

McFadden suffered a severe laceration of the forehead, possible rib fractures, cuts of the left hand, abrasions of the knee and bruises of the elbows. His wife, Mrs. Thelma McFadden, 51, suffered contusions of the knees, a puncture wound of the forehead and a bruised chin.

All were treated at City Hospital.

4 Construction Men Killed By Lightning

CAMBRIDGE, Ohio (AP)—Four construction workers were killed Wednesday when they were struck by lightning during a severe thunderstorm.

The victims were Mack Conn, 43, and Frank A. Barnes, 19, both of Cambridge; Enouc Tucker, 42, and Donald Elliott, 34, both of Columbus.

The accident occurred six miles north of here near the Salt Fork Lake project. The victims were employees of a Columbus construction firm which is building a spillway for the new lake.

Witnesses told sheriff's deputies the four men sought shelter under a tree when the storm began. Lightning struck the tree,

Bad Weather Again Perils Space Flight

Astronaut's Ride May Be Held Up For Third Time

CAPE CANAVERAL, Fla. (AP) — Tricky weather threatened today, for the third time, to wash out astronaut Virgil I. (Gus) Grissom's ride into space on a Redstone rocket.

A report from the national space agency weather team at 10:14 a. m. (EST) indicated no better than a 50-50 chance that the rocket could be launched at 6 a. m., Friday as now scheduled.

Some 5,000 men involved in the "man shoot" stood by waiting for a "go" or "no go" signal.

Another weather briefing on Friday's attempt was set for 11 p. m.

The third countdown on the rocket started at 6 a. m. The count is split into two six-hour periods.

Cloudy weather postponed Grissom's first attempt Tuesday and again Wednesday after he spent 3½ hours lying in his space capsule atop a fully fueled rocket.

Grissom's pulse raced up to 120 counts a minute during the countdown that fell 10½ minutes short of blastoff.

But his doctor called that expectable in the excitement, and said Grissom always was in fine shape.

Grissom will spend the day in seclusion resting and continuing training for his trip designed to gain additional information in the wake of Cmdr. Alan B. Shepard's May 5 flight.

Man Slain At Canton Following Argument

CANTON, Ohio (AP) — James Widemon, 38, was killed by a shotgun blast early today after an argument with his estranged wife's boy friend, police reported.

Detective Capt. P. J. Slutz said police are seeking Joseph Porter, 39, who fled after the shooting.

Slutz gave this account: Widemon had been out walking when he saw his wife's car, broken down. After he helped repair the car Widemon learned his wife had been out with Porter.

An argument developed between Porter and Widemon, who ripped the ignition wires from the car. Porter left and returned with a shotgun.

Widemon ducked into the car beside his wife, but Porter fired at close range into Widemon's face, Slutz said.

Clues Hunted For Cause Of Ohio Pen Fire

Old Planing Mill Building Reported As Beyond Repair

COLUMBUS, Ohio (AP)—State penal authorities and city fire officials sifted through the remains of a 100-year-old planing mill at Ohio Penitentiary today searching for a clue as to how the two-story building caught fire.

Smoke was detected coming from a ventilator on the roof of the brick structure about two hours after the 84 inmate workers in that shop were returned to their cells Wednesday evening. By the time firemen reached the building, located in the extreme northwest corner of the historic old prison, much of the second floor was in flames.

No inmates or firemen were injured. However a few of the prisoners helping to fight the fire were treated for smoke inhalation. The mill was not located near any of the cell blocks.

Ohio Penitentiary was the scene of the nation's worst prison disaster. On April 21, 1930, 320 inmates died in a fire that swept through the cell blocks.

No damage estimate has been set, but Corrections Chief Maury Koblentz said the building was beyond repair, and workmen began razing the walls of the gutted structure even before firemen left the scene.

Officials at first feared the fire would spread to the adjoining plate shop—where Ohio's auto license plates are made. But a fire wall and quick work by firemen apparently prevented any damage in that section.

Koblentz said about one-third of the nine million 1962 state license plates have been made and some are stored in the shop. Also in that building were barrels of paints, paint thinners and other highly volatile liquids.

The fire report brought 16 pieces of fire equipment to the prison, along with a small army of highway patrolmen, city police. About 100 off-duty penitentiary guards were recalled to prevent a possible demonstration by the 4,498 inmates. Except for cheering and yelling, there was no disturbance, and the police and highway patrolmen remained outside the walls.

Brazil Chief Accepts Bid To Visit Russia

RIO DE JANEIRO, Brazil (AP) — President Janio Quadros has accepted an invitation to visit the Soviet Union, the Brazilian Meridional News Agency reported Wednesday night. No date for the visit has been set, the report said.

There was no confirmation from government officials of the report, but Quadros received a Soviet goodwill mission who gave him a personal message from Premier Khrushchev.

Active Duty Seen For Air Groups

WASHINGTON (AP) — Any mobilization of National Guard and reserve ground forces may be matched by action to increase correspondingly the tactical air support and airlift transport for foot soldiers.

And this could mean that some Air Force Reserve and Air National Guard men would be called to active duty.

Final details of President Kennedy's over-all plan for augmenting conventional war capabilities in the face of the Berlin crisis and other world tensions were assembled in a long White House session Wednesday.

Earlier, in his news conference, Kennedy declined to indicate how much the plan would cost. Speculation has ranged widely, up to as high as \$5 billion.

At the White House meeting were the President, members of the National Security Council, and Pentagon military advisers.

The session intensified speculation that, among other things, Kennedy would declare a state of limited emergency, under which he could summon some National Guard divisions to federal service and call in reserves, either as individuals or small, specialized units.

By law, Kennedy can bring up to a million men into active federal duty under a state of limited emergency. More than that

would require congressional action.

Most public attention has focused on the possibility that Kennedy would decide to beef up readiness for conventional war by calling up more ground troops. However, Pentagon officials have emphasized that the review made by the Joint Chiefs of Staff as guidance for Kennedy was for across the board—air and naval as well as ground forces.

Military doctrine calls for a fairly constant ratio of tactical air power and ground forces.

During the past three years, the size of the Tactical Air Force has been reduced gradually, now standing at 32 wings. The first military budget submitted by the Eisenhower administration for the new fiscal year proposed again clipping the Tactical Air Force, to a 31-wing total for the year ending next June 30.

This process may be halted now, in light of the new emphasis on conventional force strength.

In the reservoir of ground forces which Kennedy can tap are about 900,000 men. This includes approximately 399,000 in the National Guard divisions, 300,000 in the trained reserve of the Army and 208,000 in the ready reserve of the Marine Corps.

Present ground troop strength of the regular Army and Marine Corps totals about 1,032,000, of which 856,000 is Army.

Cross-Examination Ends

Eichmann Admits Part In Mass Slaughter Plot

JERUSALEM (AP) — Atty. Gen. Gideon Hausner concluded his cross-examination of Adolf Eichmann today, forcing a final confession from the ex-Gestapo officer that he was part of a Nazi conspiracy to camouflage the mass slaughter of the Jews behind a blanket of lies.

But after two weeks of blistering attack, the former head of Jewish affairs for the SS maintained to the end that his actions were done on orders from his superior officers.

Hausner took Eichmann back to an incident in Slovakia when the defendant blocked an appeal of local authorities to visit the death camps to see if Slovakian Jews were all right.

"You signed the letter to the Slovakian authorities, saying that there was no need for them to worry about Jewish authorities?" Hausner asked.

"Yes, I was ordered (by SS chief Heinrich Himmler) to use that language," Eichmann answered.

"You said stories of extermination were only grueling tales?"

"Yes, I was ordered to say that too."

"And the Red Cross was allowed only to go to Theresienstadt?" the prosecutor continued.

"Yes, that's why Himmler created it."

"This was the apparatus of camouflage in dealing with foreign nations. Inside the German Reich and even with the Jews themselves?"

"Yes," Eichmann said, "with one reservation. I discussed frankly and openly with the Jewish functionaries . . . No, no, I must correct that, with only one Jewish functionary."

Hausner went on: "You promised the Jews in Budapest in March 1944 that after the war things would be back to normal, and you promised they would not be deported to Auschwitz?"

"Yes, I had orders to do that," Eichmann said.

"And you are the person who says he never uttered a false word?"

Eichmann grimaced.

"I did not have to decide these things myself," he responded. "I was forced and pressed by my superiors."

Work Advanced On Large Mosaic

HUGE ART WORK NEARS END. A 1,200 square foot glass mosaic, one the the largest in the nation, is nearing completion at the new Presentation Catholic Church in Midland. Shown from left are Joseph F. Bontempo of Rochester, architect for the church, Fr. Francis E. Paul, pastor, and Dr. Joseph L. Young, a former Aliquippa resident and noted mosaic muralist, who designed the work of art and is installing it.

By EARL RANKIN

One of the largest and most unusual religious murals in the nation is being installed in the new Presentation of the Blessed Virgin Mary Roman Catholic Church at Midland.

Dr. Joseph L. Young of Los Angeles, a former Aliquippa resident who has won international acclaim as America's most outstanding mosaic muralist, is supervising completion of the intricate work.

The 1,200-square-foot glass mosaic, one of the largest of its type in the nation, was designed by Young and initiated by Joseph F. Bontempo of Rochester, architect for the church, in collaboration with Fr. Francis E. Paul, pastor.

Depicting the Presentation of Our Lady in the Temple as a young child, the Biblical theme has challenged some of the greatest ecclesiastical artists of all time. It is the first major interpretation in the United States.

"A mosaic installation of this scope is a rare cultural event," Bontempo said.

The work of art will cost the church about \$16,000 but its value is estimated at nearly twice that amount. Work began about four weeks ago. It is expected to be finished this week or next. Young is working now on the blue background.

The Midland Church is expected to be dedicated in the fall, probably in November, Fr. Paul said. It and the new convent, which was dedicated this spring, will cost about \$686,000. Ground was broken May 1, 1960.

The mosaic murals project a complex scene of a dozen larger than life-size figures in a blaze of hundreds of distinct colors.

With every glass piece or tessera set by hand, an estimated one million separate tesserae required over a year of concentrated effort to assemble in pre-fabricated sections.

The expected longevity of such a work, under normal conditions, is 1,000 years or more.

After the liturgical survey was completed, the material was culled carefully to see what would function with the unique contemporary shape of the 34-x-32-foot reredos wall behind the main altar.

The medium includes imported Italian glass mosaic and byzantine smalti tipo antico (e n a m e l s), including many areas in gold glass.

Basing his composition on Bontempo's structural concepts, Young oriented his grouping of figures on an optical armature that incorporates the main altar as a fulcrum, presenting the subject of the conjunction of the two major re-

ligious faiths in Biblical times with emotional authenticity.

The church also will have original sculpture by Arminto of Buffalo, N.Y., as well as a series of stained glass windows in the baptistry.

The commissioning of the assignment occurred as Bontempo and Young renewed their life-long friendship in the spring of 1960 when Young was awarded an honorary degree by his alma mater, Westminster College at New Wilmington. He received his B.A. degree there in 1941.

Preliminary research by Young showed that needs of liturgical worship for the new Midland church required "a simple and direct statement of the beauty of that moment when Our Lady was presented in the Temple," he said.

After examining samples to formalize the scene, he decided that an excessively realistic or High Renaissance representation would not serve the liturgy best, nor be in sympathy with the basic cultural backgrounds of the community.

Young, 41, is accompanied by his wife, Millicent Edith Goldstein. They have two daughters.

Young has been named in Who's Who in America and was elected a lifetime Fellow of the International Institute of Arts and Letters in 1958. He has studied art at various schools

and has received several fellowships. He has written an essay and a book and he also lectures.

He designed and executed the mosaic mural on the main lobby of the Los Angeles Police Facilities Building, which was completed in 1955.

This commission led to others, mosaic murals for Temple Emanuel in Beverly Hills, Calif., (1956); Southdale Shopping Center near Minneapolis, Minn., (1957); Don Bosco High School at South San Gabriel, Calif., (1957); Chapel of Our Lady of Lourdes, East Los Angeles, (1958), and for several private residences.

One of his most challenging assignments was the 192-square-foot arch in bas relief for Eden Memorial Park at San Fernando, Calif., completed in 1959.

9 Await Court In 'Club' Raid

Nine men and women arrested Saturday night in a raid on a plush bordello near Florence have been released from Washington County Jail and have waived hearings for court action.

State Police at Carnegie said the six women were released Tuesday night after the court set bonds of \$500 each. They were charged with prostitution and assignment. Five gave Pittsburgh addresses. The other identified herself as a Canton resident.

Also released were Frank F. Pandelli, 44, of Warren, and Arthur P. Goodman, 22, of Steubenville. Both are charged with visiting a disorderly house.

Benny Pandelli, 49, of Warren, identified as the operator of the house, faces charges of operating a disorderly house, carrying a concealed weapon and pandering. The court set his bond at \$2,500.

Police said all nine waived hearings for court action. They may face Grand Jury action, or waive that and enter pleas.

Trustees Named For Carroll Club

Nine trustees were elected for the Carroll Club at a meeting of Carroll Council 509, Knights of Columbus, Tuesday night in the K. of C. Home.

They include Jack Johnston, grand knight, Pat McNicol, Ray Satow, Thomas Geon, Ralph Yanni, Bernard Allison, Charles Bell, Harold McNicol and Ralph McNicol.

A district meeting will follow the first degree initiation exercise Tuesday evening. Members of the East Palestine, Wellsville, Salineville, Lisbon and East Liverpool councils will attend.

James McKenna of Lisbon, district deputy will be in charge. Lunch will be served under the supervision of Ralph McNicol.

A K. of C. area meeting will be held Aug. 12 at Canton. About four members from each council in District 45 are expected to attend.

The "kick off" date for the annual K. of C. state youth program will be Sept. 8. The program will close Dec. 2.

James McGowan, chairman of the six-point program, has called a meeting for Friday at 8 p. m. in the K. of C. Hall.

Traffic Light Due Return At Road Project

Restoration of a traffic light and establishment of a 25 - mile speed limit from Dresden to Edwards Aves. will be used to control traffic through the freeway construction area on W. 8th St.

The two moves were decided on at a meeting Wednesday of city officials with representatives of the State Highway Department; Baker & Hickey, Inc., of Columbus, general contractor for the W. 8th St. overpass, and the Ohio Power Co.

The traffic signal, which was removed Tuesday, will be back in operation Friday or Saturday, after the utility strings a temporary line to supply power.

The 25-mile speed limit will be in effect on a trial basis for 90 days. Safety-Service Director Lee Copenhaver is authorized by law to make temporary changes in traffic regulations on a trial basis.

Police will patrol the thoroughfare to enforce the speed limit and will station a man at the busy intersection at W. 8th and Lis-

bon Sts. to aid in directing traffic in the rush hours.

Mayor Bert H. Goodballet asked motorists to be extremely cautious for their own safety, explaining the contracting firm is about ready to begin erecting steel beams on the piers flanking W. 8th St.

The work probably will continue for about six weeks, with the steel being transported up W. 8th St. from railroad flatcars.

The light in the westbound lane was removed Tuesday after the power was cut off and city officials scheduled the meeting yesterday to seek a solution for what Copenhaver termed "a dangerous situation," explaining that motorists entering W. 8th St. from Lisbon St. would face a severe traffic hazard because of the interrupted flow of traffic in the westbound lane on W. 8th St.

City officials said they received numerous complaints about removal of the traffic signal.

Car Crushes Youth

CLEVELAND (AP)—A suburban Eastlake youth was killed Wednesday when a jack slipped and a car under which he had been working fell on him, crushing his chest. He was Barry Mat-lwig, 19.

No Agreement On School Aid

It now seems certain that Congress will vote no federal aid to education this year. Whether or not the idea was sidetracked in the House Rules Committee wholly because of the religious issue involved in federal aid for parochial schools is of only minor importance.

The important thing is that federal aid to education was sidetracked. There was lack of agreement on a momentous proposal. When it comes up again, it may be sidetracked for the same reason, or perhaps another reason, if there still is lack of agreement.

The specific thing that sidetracks it is less important than keeping it sidetracked. No agreement on a policy of federal aid for education is likely in the foreseeable future.

A loud and well-heeled minority of special-interest blocs, including some school-teachers, some school administrators, some politicians and seemingly all labor union leaders and advocates of centralized public control will keep the issue open in the years to come, in the way they have kept it open in the years past.

But they have been unsuccessful so far in their strategy of panicking Congress into going into federal aid willy-nilly. If Congress does it now, it will have to be done the hard way—by hard proof that federal aid is desirable.

THREE SHATTERING disillusionments hurt the case.

1. It was understood by citizens in segregated states that federal aid in segregated states would underwrite part of the cost of dual school systems.

2. It was made plain that the Catholic hierarchy was going to be adamant in demanding aid for parochial schools in opposition to President Kennedy, who had

tried to neutralize the religious issue by declaring his opposition to aid for parochial schools. But Mr. Kennedy, it turned out, could not speak for his church. The issue was not neutralized. It was inflamed.

3. It was realized belatedly that federal aid would be a bargain for low-income states. For taxpayers in high-income states, it would be a rook. They would be paying out more than they would be getting back—and in some instances would be paying for education in states able to pay for it themselves, except for reluctance to part with their money.

The aid-to-education issue has been battered around like a shuttlecock this year. But one thing about it has been clear from the beginning. There was strong bipartisan opposition. Some of the opponents were strong in the Democratic party. Most of them were Republicans.

IN THE SHOWDOWN, a traditional pattern of lawmaking became visible.

Members of the House of Representatives did not want to make the school-aid decision. It was too touchy. They preferred to keep it from coming to a vote on the floor.

Therefore, the House Rules Committee—the one that President Kennedy and his friends "packed" last January to make it responsive to their needs—took them off the spot by refusing to submit the bills for a decision. This is one of the committee's principal jobs.

It is too soon to say the issue has been sidetracked indefinitely, but not too soon to hope this may take care of it for a long time.

The United States is not ready for federal aid to education. If its legislators are wise, they will forget about it. They will put the nation on notice that education will continue to be a local responsibility, with state assistance.

Slugging It Out With Bats

As ballplayers have said from time to time about Hank Bauer, formerly of the U.S. Marines and New York Yankees, we want Gen. Curtis LeMay on our side if fighting starts. The Air Force chief of staff would know how to deal with the situation at hand, we feel. He wouldn't have to look up anything in a book.

He has spent a military career learning how to get airplanes there and back with maximum effectiveness. His testimony before a Senate subcommittee that he would like half a billion dollars for more B-52 bombers and another half billion to push development of the B-70 has to be taken seriously.

The United States finally has been forced to realize something that apprehensive voices have been warning it about for a long time—that it has no intention of shooting its guided missiles until it reaches the last-resort stage in a showdown.

MOST OF US are prepared to realize something else about the guided-missile theory of war. The missiles this country would use are in the operational stage by courtesy only. Most of them would take off and streak to their destinations without mishap, we hope. But some of them wouldn't, and if the failures came too close together the United States might be out of it before it got into it.

Short of the last-resort stage, the United States would not take a chance of shooting guided missiles at enemy cities. It would be unthinkable for it to lob them into the cities of its allies, even if those cities were in the possession of an enemy. Missiles are not selective. They cannot turn around and come back if there's a change in orders. They cannot choose second targets, once they have started their journeys. They cannot be fired with precision.

Gen. LeMay isn't proposing in this touchy period of hard second looks that the United States ditch the doctrine that missile warfare have made manned bombers useless, though he knows that doctrine is absurd.

The Once Over

All folks who have lived in house by the side of a golf links will get kick out of lawsuit which made a country club erect fence, set out trees and supply protective windows for Rye, N.Y., family under constant bombardment by wild golfers.

Anybody with bungalow bordering a links is a clay pigeon in shooting-gallery. The old homestead get golf balls in bedroom, living room, nursery and kitchen.

Some golfers insist on right to play ball out of a pot of soup or from fresh made strawberry shortcake.

We lived beside a golf course once and had to fight golf addicts who wanted to play ball out of a lace curtain and from the baby's crib. There were many arguments over whether golfer should be entitled to move baby without penalty.

One afternoon during a tournament the missus was in the bath when ball landed in tub. She waved flag of truce from window but duffer flashed special tournament rules, rushed into house and demanded that she get back into tub, allow him to lift her and play ball from where it had landed!

On another occasion Aunt Minnie was baking a pumpkin pie and had taken it from the oven when a ball landed in it because golfer had used a niblick instead of wooden club.

Aunt Minnie said pie was out of bounds. Golfer insisted on right to throw it over his shoulder for better lie. His aim was poor and ball landed in an omelette on gas range. He swung at it there and missed ball. But

He is proposing only that the United States lay in a larger supply of trusty ball bats in case the new automated devices won't work, or in case the United States doesn't trust itself to use them.

WE NEVER DID go hook, line and sinker for the idea that the government was guilty of a missile lag and that missile lagging was a capital offense—not as long as Gen. LeMay and his pilots and specialists were getting there and back in training missions, using those long-range bombers he says would deliver the knockout punch if one had to be delivered.

We thought a lot of that talk was partisan guff to embarrass President Eisenhower, another hard-bitten realist we'd want to have on our side if fighting started, and that the main thing always was whether the United States could get there and back in a manned bomber—"there" being every important city in the Soviet Union, the only country seemingly in a mood to start a war.

Tourist Appeal

"One of the most scenic sections of the upper Ohio Valley."

That is how East Liverpool is described in the Ohio section of a national tourist guide of the American Automobile Association.

In a talk before the Rotary Club Tuesday, Charles Taylor pointed out our tourist assets are being overlooked and that proper planning and development of natural resources could mean a significant economic boost for the area.

More and more Americans will be headed through this district in the coming years as highway improvements are made.

Development of such attractions as our hills, the river, parks and historical sites would not only appeal to tourists, but could, as in many cases elsewhere, catch the eye of some executive interested in establishing a business or industry.

His Idea Of International Law

Union Dollars Aid Ecuador

By Joseph H. Beirne

(When Joseph A. Beirne, president of the Communications Workers of America, returned from Latin America recently, Victor Riesel asked him to give his impressions of conditions there. Today he gives his views as guest columnist for Riesel.)

Meet Pepe Larko, union organizer extraordinary. What makes Pepe different is this:

First, he was born in the Republic of Ecuador, that mountainous little country that sweeps from the shores of the Pacific near the Equator to the 22,000 foot altitude of Mt. Chimborazo. . . and he works there as a union organizer.

Secondly, Pepe Larko gets his pay and his travel expenses from 20,000 U.S. telephone workers on our West Coast. Each month, each of the 80 locals of our union in Communications Workers of America (CWA) District 9 contribute \$2 each to a fund to keep Pepe Larko at work in Ecuador.

For the cost of a bet at Santa Anita's fashionable racetrack, these CWA members are betting on something infinitely more important than a fast-stepping nag. They're betting that the returns will be greater. . . in terms of better living standards for the workers of Ecuador, friendship for the United States, and an offset to the constant efforts of the Communist masters of Moscow and Peking to infiltrate the main body of this hemisphere.

WE IN CWA get nothing direct out of these \$2 bills that move south to Ecuador. . . nothing except solid satisfaction.

Pepe Larko organizes workers into democratic unions of Ecuador. His job, his mandate, is just this: Build your unions. . . build them good. . . build them democratic. . . build them anti-Communist.

I think that this hemisphere needs more people like Pepe Larko. . . and it needs more \$2 bills from American workers to carry on the job of making South America a better place for South Americans. There's plenty of work to be done.

Just last May, I spent a week in Bogota, the handsome capital of Colombia. It's a pleasant city, with handsome avenues, fine public buildings and hotels just as deluxe as those in San Francisco, Chicago or New York. But you don't see the real Bogota there.

It's when you go out to the market districts that you find what Ecuadorians call the "roofless ones." Poor! So poor they have no roof over their heads. Illiterate, prey to disease, duck soup for Communist promises.

Yet educated Ecuadorians, who ought to know better, have misread our own struggles over integration. . . because they think the average U.S. Negro is also a "roofless one," treated no better than an animal.

DIRECTLY or indirectly, much of Latin America's misinformation about us comes with a "printed in Moscow" label.

Bright, well-printed magazines with a surface appeal that hides the Communist poison, sell for almost nothing. . . just a tiny fraction of the cost of U.S. publications. Obviously, the Soviet subsidy makes up the difference.

This year, last year, next year, 500 trade unionists from all over

Latin America will be getting their training in subversion at special Communist academies in Warsaw, Poland, and Prague, Czechoslovakia.

This Soviet corps of trouble makers will keep busy in the fertile fields of Latin American poverty.

The Soviet government in Moscow and the Chinese Communist government in Peking may give their little differences but they seem united in their efforts to exploit the poverty and hardship which face so many people among south.

TO AN OBSERVER from the U.S.A., who has seen liberal government and creative private enterprise work together to build a stronger economy and a rising standard of living, it is clear the South American solution will not

be the division of its present wealth.

What our neighboring countries in the southern hemisphere need is a broadened base for industry, more efficient farms and better use of natural resources. Plus education, housing and rising health standards. Plus, of course, democratic liberties.

We, not the Communists, can help Latin America develop these projects if we have the will and the imagination. By doing this sort of job, we can beat the Communists at their own game. . . and, in addition, give real help to peoples who need it.

That's why the kind of democracy-building job that Pepe Larko is doing in Ecuador, with the help of some plain simple American working folks, is so all-important for us and for the generation ahead.

Every day you should learn one new thing. Chances are you don't know what a furlong is — the distance in which horse racing is measured on running tracks. It's an eighth of a mile. 40 rods, 220 yards, also the length of each side of a 10-acre square, which is how it got its name — the length of a plow furrow — a furlong.

The Newburg, N.Y., relief situation is being twisted into an attack on Negroes, because they're Newburgh's relief clients. Honest, senator, we didn't know what color the people were. We were talking about a principle, not a color.

I am impressed by the stream of refugees from East Germany into West Berlin and hence into West Germany, but not entirely because it proves these people want to get out of East Germany. All it would take is one traitor in 10 to fill up a Trojan horse in West Germany. Or have we forgotten the "fifth column" so soon?

An outdoor movie operator with a chain of places in several states wrote to me that my column about auto age theaters was the first complimentary newspaper article he ever had seen and was pathetically grateful for a kind

word for what he says is a sometimes frustrating business.

One of the things we're missing in the presidency, as long as critics are making lists of Mr. Kennedy's deficiencies, is the father image that has been provided by recent chief executives. For the first time, Americans are challenged to believe in a brother image and, what's harder, a son image.

After everything about Tyrus Raymond Cobb had been written, what it amounted to was that he was the greatest ballplayer of all time with one of the meanest dispositions — an over-assertive gamecock whose contemporaries would gladly have punched him senseless, as many tried to do and often did.

The question in my mind about discount retailing is getting to be what the discount is from, because I am quite sure the discount retailers also are making a profit.

Letters To The Editor

I recently read where the Columbiana County Mayors Association, and others advocate a countywide planning commission.

Why do they want to foul up the rest of the county? Why not tend to their own knitting and leave the rest of the county alone?

There are some who say that the lack of a planning commission is deterrent to new industry. I say hog-wash. The Kaiser Chemical Co. in Fairfield Township didn't wait for a planning commission nor did that township have a planning commission.

I think that the real reason is that a lot of the mayors have so complicated their own local affairs so much that they want to expand. They want to create a new source of revenue and possibly another political plum.

Leetonia needs a better water supply; better sewer system for all, not just half the town; better streets and more industries as do others in Columbiana County. There are more potential industrial sites in the area about Lee-

tonia than elsewhere in the county, what with two railroads and the majority of these sites lying practically alongside. Where is its planning commission?

When some major industries moved from Salem, where was its planning commission? What did they do to prevent the loss?

In East Liverpool there are a very few industries. Most of the working men and women there work outside the city. Its planning commission has not been able to bring any industry there.

This could go on and on, with each community having its own difficulties. But why heap these on the rest of the people of the county? I know that misery loves company. I say let the mayors face their own responsibility in the community where they hold office. Let their planning commission plan for their citizens' benefit.

If industry wants in it will come. Planning commission or no planning commission.

U.S. Seen Justified In Resuming Bomb Tests

Did the Soviet Union outwit and outmaneuver the United States in the last two years and keep America from developing new weapons in the nuclear field? Has Russia today a lead of more than a year?

Secret meetings of scientists are scheduled to take place in Western European locations soon, and they hope to help find the answer to the big question — is the United States justified in resuming underground tests?

Mr. Kennedy will make the final decision after he has received the advice of the special committee of scientists in Washington appointed to study "the continuance of the voluntary ban on testing by the United States."

But, even in advance of the President's decision, the manifestations of concern among scientists is startling in itself. Primarily they are concerned about the so-called neutron bomb.

Basically the neutron bomb is a tactical weapon. It is for use in ground warfare as army fights army.

It can destroy opposing regiments in an instant and yet confine to a small area its damage to property. It is a weapon that could revolutionize warfare.

The West hasn't developed the neutron bomb but its scientists feel as certain about it in theory as they did about the atomic bomb before it was actually tested.

The neutron bomb, moreover, can be tested underground. Such testing creates no fall out and injures no one — a factor that originally gave rise to the whole propaganda for the suspension of nuclear tests.

Why, then, doesn't the United States go ahead and test the neutron bomb so as to be at least even with the Russians if, in fact, they have already made their test in secret and know what the weapon can do?

Nobody knows positively the facts as to Russia's nuclear position. Hence, the all-important question is whether the United States can take the chance and defer testing any longer.

The worldwide propaganda to suspend tests was started by the Russians. They infiltrated universities and colleges here and there and got enough scientists on their side to make speeches deploring the dangers of "fall out."

THE UNITED STATES government succumbed in 1958 to the demand largely under pressure from Great Britain, where the left wing made it a penetrating issue in domestic politics.

Confident of its own lead in the nuclear field, the Washington administration went along with the movement to suspend nuclear testing on its own but the discussions and conferences to negotiate a treaty have drifted along without agreement.

It looks now as if the Soviets never intended to agree and have

purposely prolonged the talks at Geneva.

But how long should the United States play into the hands of the Soviets by delaying a resumption of nuclear tests?

About the only reason against resumption that is heard discussed is the possibility that the Communists will seek to get a propaganda advantage out of it throughout the world.

If, however, the West can make clear that there is no danger in underground testing, the disadvantages would appear to be outweighed by the advantages — the chance to perfect the neutron bomb.

Why dilly-dally any longer with the Soviets?

The scientists are by no means in agreement as to whether the neutron bomb can be perfected, but the military theory which has governed the reasoning of a belligerent since time immemorial is that it is not safe to take chances and trust the enemy.

IT IS SIGNIFICANT that in Britain, where two years ago the demand to stop nuclear testing was very strong, public sentiment now seems to favor a resumption.

Editorials in the press no longer talk of the suspension of testing as necessary. On the contrary, the argument is made that the West has tried in every conceivable way to reach an agreement with the Soviets and can wait no longer.

What is the reason for the change in Britain?

One explanation given this writer by a scientist with a knowledge of some of the things going on in European technical circles is that the British know far more now than they did two years ago about the whole nuclear field.

They have been given a vast amount of information by the United States government and hence are much more aware now of the dangers of a prolonged suspension of testing.

But the basic question concerns not merely a more effective way to fight a nuclear war. It concerns a possible influence on the very persons who are pressing for agreement to limit the use of nuclear weapons.

If it turns out that a neutron bomb can inflict its blow in a larger area than a battlefield, an entirely new look at the whole problem will be necessary on all sides.

TESTING to get at the truth may turn out, therefore, to be as important as testing in order to grow stronger militarily. Once the world knows the facts, it can bring to bear the pressures for limitation of use which underlie the whole crusade for disarmament.

When one party goes ahead in secrecy to perfect terrible weapons, it is sheer folly for the other side to adhere to a considered suspension of tests. That's why many scientists in the now, Americans and Western Europeans alike, are worried and hope President Kennedy will not delay for long his fateful decision.

Ice Sheets

Glaciers that covered much of the earth during the Ice Age left lasting effects in climate and geography.

Four times the great ice sheets ground down from the polar regions. First Canada and Scandinavia, then parts of Europe and the United States were submerged in the inexorable flows, miles thick in places. The ice extended over 25 per cent of the earth's land area, scouring the face of the earth and driving animal life before it.

The relentless force carved out the face of North America. Glaciers formed the Great Lakes and gouged deep valleys. They picked up vast quantities of soil and rock and turned the debris into hills and ridges. The country's greatest rivers were born from melting waters at the edges of the great ice fields.

The last major ice sheet may have retreated only 10,000 years ago.

Today a 10th of the earth's surface still lies under ponderous ice. Antarctica and Greenland account for most of it, but small, mountain glaciers glisten in many parts of the world. Any local climatic changes, such as greater snowfall and lower temperatures, affect these small ice fields.

Glaciers are still being formed by snow accumulating on gentle slopes. Weight presses the lower layers into clear, granular ice. Like frozen rivers they flow down mountain sides.

The exodus from the city to the suburbs is not an exclusive American phenomenon. Paris, France, has its share of nouveau suburban, too. From a pre-war suburban population of about 250,000, the Parisian suburbs now have three million inhabitants, and are still rising rapidly.

Through The Years

THIRTY YEARS AGO — The first annual picnic of the first and second division of the Amalgamated Association of the Cheater Sheet & Tin Plate workers attracted about 10,000 visitors at Rock Springs Park.

Mike Nelson's Nite Owls of Wellsview provided the music during a picnic of the Lion Club at Peace Valley Park near East Palestine.

TWENTY YEARS AGO — Fire, starting on the back porch, caused \$2,000 damage to the two-story frame home of Mr. and Mrs. Wilard N. Smith on Idaho Ave.

The Street Department widened Walter St. running from Ohio Ave. to Pennsylvania Ave. to permit two-way traffic.

TEN YEARS AGO — Mr. Lee Persohn of East Liverpool won first place in an apple cake contest at Clarkson Grange.

Robert Davis, son of M. and Mrs. Floyd Davis of Centre St., represented the young people of the Orchard Grove Community Methodist Church at the Stuebenville District Methodist camp near Carrollton.

Highway Patrol at Lisbon reported. No one was injured.

James E. Martin, 18, of Woodbine Ave. was the driver of a car which rammed the rear of another auto operated by Carl S. Smith Sr., 65, of R. D. 2 on Route 30 a half mile north of here.

Smith had halted for a turning truck, and Martin's car struck the rear of the southbound auto. Martin was charged with failure to stop in the assured clear distance.

Cars driven by Richard L. Raczk, 18, of Negley and Gus D. Misorski, 26, of Louisville collided on Route 154 about five miles east of Rogers last night.

Racz started to make a left turn just as Misorski attempted to pass, officers said. Racz was cited for failure to signal and Misorski was charged with improper passing, the patrol said.

Gary Neal McGuckin, 20, of East Palestine R. D. 1 was cited for traveling at a speed in excess of road conditions after his car sideswiped one driven by Betty Nulf Yereb, 40, of N. Market St. Ext., East Palestine, on Route 46 a half mile west of East Palestine last night.

Officers said damage was moderate.

Charles McIntosh, 37, of Moore Ln., East Palestine, was charged with failure to halt in the assured clear distance after his auto struck two road barricades on Route 46 at the site of the current road project at the intersection with Route 558.

ST. JOSEPH, Mo. (AP) — Police Capt. O. D. Carter was annoyed by a prisoner shouting in the cell block area at the police station. He walked back to suggest the fellow tone down.

Disbanded Clinic At Midland Distributes Balance Of \$696

The Midland Area Polio Clinic has distributed \$696.49 to several charitable institutions, including the purchase of a 23-inch television set to replace a 10-inch set for residents at the Beaver County Home Annex at Monaca.

Steve Germusa, chairman of the polio committee, said \$100 was presented to the Beaver County Tuberculosis Association, \$100 to the Pittsburgh Children's Hospital Clinic, about \$200 was spent for the TV set, and the balance of \$308.49 was given to the Beaver County Society for Crippled Children and Adults.

The distribution was made to dispose of the committee's assets after its mission was accomplished.

The committee of citizens held four polio clinics and the last offered free shots. Appreciation was expressed to United Steelworkers Union Local 1212, which agreed to underwrite any costs, to Joseph D'Alesio, union president, and to doctors, nurses, druggists, women volunteers, and Crucible for the sterilization of needles. They donated services without charge or supplies at cost.

The television set was presented Sunday. Visiting the annex were Mr. and Mrs. O. N. Carter, Mr. and Mrs. Steve Germusa, D'Alesio, Luketich and Mrs. George S. Katocs.

The committee gave more funds

to the Society for Crippled Children since it felt that many children are treated there for disabilities caused by polio, Germusa explained.

If you add extra liquid to standard biscuit dough, you can drop the mixture into small muffin pans instead of doing the work of rolling out and cutting out the biscuit dough.

The bristlecone pine tree, in the Inyo National Park, California, has been found to be the oldest known living thing on earth. Some of these trees have been discovered to have more than 4,600 years under their bark. These bristlecone pines have deposed the California sequoias, which were formerly considered the oldest living things. The oldest sequoias are about 3,500 years old.

take himself. For example, as commander in chief he can send one or more divisions to strengthen NATO defenses in Europe and can redeploy U.S. air and naval forces.

The President may also declare a national emergency, which would give him automatic power to call up to a million armed forces reservists to active duty. Similarly it is with the power of the executive branch to increase the draft call.

2. Those decisions requiring legislation in order to make them effective. Any substantial increase in the level of the armed forces or step up in the rate of armament would require additional funds.

3. Those decisions requiring joint action with U.S. allies. Such actions would cover increases in conventional military strength in NATO forces in Europe.

Man Rides Roller Coasters For Living

CLEVELAND (AP) — For 37 years, Fred Greenway has been riding roller coasters for a living.

He's with the maintenance department at Euclid Beach Park. Of the rides he makes, Greenway says:

"Nothing to it after you've been doing it for while. Most of the time I'm listening for unusual sounds or noises that might indicate more repair or maintenance work."

How Can I?

By ANNE ASHLEY

Q. How can I remove mildew stains from leather-bound books, traveling bags, and other leather articles?

A. Rub over the spots with some petroleum jelly, let remain for awhile, then wipe thoroughly with a dry cloth. This treatment also tends to preserve the leather by renewing its oil content.

Q. How can I improve the sound of the two speakers in my hi-fi system?

A. One or two coats of lacquer applied to the cone of the larger speaker will stiffen the cone and improve its responses to the lower frequencies.

Little Consolation For West

Moscow-Peiping Quarrel
May Mean More Danger

Last of a series of three articles dealing with Soviet-China Relationship.

By WILLIAM L. RYAN
Associated Press News Analyst
Soviet and Chinese Communists have been and probably still are quarreling bitterly.

But, as Secretary of State Rusk has pointed out, there is little consolation in that for the West and no basis in it for new Western policy making.

In fact, the quarrel may have increased the dangers now besetting the West from the gathering storm over the future of West Berlin and Germany.

In the Moscow-Peiping quarrel, Khrushchev at this moment seems to have the upper hand. But he has paid a price, too.

The Red Chinese have, by implication, accused Khrushchev of being soft on capitalism. Probably as a result of the quarrel, he seems not so soft on it now as he appeared some time ago.

The evidence at hand indicates the Red Chinese have knuckled under to the Kremlin on this point: Moscow is the boss of world communism and its program.

Bluntly Moscow has told the Chinese, "The basic criterion for true internationalism is one's attitude toward the Soviet Union," and there can be no Communist success without Soviet cooperation. Clearly this was a warning.

The current quarrel has been going on for several years, ever since Khrushchev's relaxations led to the Hungarian revolution and threw a scare into the Communist world.

The argument reached its height in mid-1960 at a Communist meeting in Bucharest, Romania. It continued at a conference of 81 world Communist parties in Moscow.

Khrushchev accused the Chinese of "left sectarianism," apparently meaning they were advocating reckless policies in their insistence that war was fatally inevitable between East and West according to Leninist scriptures.

Judging from the welter of words emanating from the two capitals, this seems to be the situation regarding the Moscow-Peiping quarrel at present:

Khrushchev has wrung from the Red Chinese an admission that Moscow is the supreme authority with regard to world Communist diplomacy and strategy. Red China, heavily dependent on the U.S.S.R. for its needs, is at Moscow's mercy. While it can resent and argue, Peiping cannot rid itself of Kremlin influence. It can hope at best to bring some influential Russians over to the Chinese way of thinking.

In essence, the goals of Moscow and Peiping are the same: World rule by communism. Neither can afford the appearance of a deep split. There had to be concessions and compromise.

The Red Chinese stress now that they accept "the principle of proletarian internationalism," meaning the rule that Moscow is boss of the world movement. They apparently concede a free hand for Moscow's diplomacy, including a free hand in such Asian situations as the Indochina crises over Laos and Viet Nam. Khrushchev may, if he chooses, use those situations as pawns in his intricate chess game over West Berlin and Germany.

Red China agrees that the balance of world forces is, as the Russians say, swinging in favor of the Communists — "The east

Report Given
For Kaycees

Wellsville Council 507, Knights of Columbus, met Tuesday night, when John Kozora, grand knight, gave a report on an officers' conference held in Columbus over the weekend.

Andrew Holowaty also gave a brief outline of events to be sponsored by the State Council. He was an alternate delegate for John Barborak, state youth campaign chairman.

Anthony DeSarro, general program chairman, reported on a speech by Fr. Richard J. Connelly, state chaplain. All three attended the conference. Fred Baldasare, membership and insurance chairman, was unable to attend.

Joe Giuliani, general program chairman for the St. Rocco festival, reported on progress of his committee's work for the August event.

It was announced that a few table reservations are available for the council's annual parish picnic Sunday at Lake Marwin. Two pavilions have been reserved.

Parishioners of the Immaculate Conception Church are invited. The Council will serve refreshments.

Next meeting will be Tuesday at 8:15 p. m. in the K. of C. home.

Sweet Corn Due
In Markets Soon

Oliver Johnson, Hancock County agricultural agent, said today home grown sweet corn will be on the market within a week.

He said there are over 250 acres in the county being grown for market. Although it is almost two weeks late, the stand is good and may yield 500 dozen to the acre, he pointed out. This adds up to enough to feed four or five counties the size of Hancock, Johnson said.

The principal growers in this area are Cowl Brothers, Linn Troop, and William Duncan & Sons, all of Route 66, Paul Hart of Allison District and A. H. Hilliard & Sons and Conkle Farms of Chester.

Johnson said quality sweet corn can be determined by the green color of the husk, the freshness of the flags and the color of the silk. Flags are the little blades that extend from the side of the ear. They are found only on sweet corn.

Sweet corn should be stored in the refrigerator to maintain its sweetness, Johnson said.

Weary Hitchhiker Causes Own Death

LEBANON, Mo. (AP)—A 17-year-old hitchhiker from Muskegon, Mich., caught a ride on U.S. 66 Wednesday.

Weary, he fell asleep—so soundly that he toppled over against the driver, causing the car to swerve off the road and overturn.

The youth, Frank Kimbel Murphy, was killed.

The driver, Marine Cpl. Joel R. Owens, 20, Chicago, was on his way back to his base at Camp Pendleton, Calif. He suffered lacerations and bruises.

wind is prevailing over the west wind."

Now that the Kremlin has these concessions, it may be coming through with its own side of the bargain.

Khrushchev's announcement of a stepup in Soviet armament, his threats against the West over Berlin, his saber-rattling in general in recent days sounded belligerent enough to satisfy even the impatient Red Chinese.

Khrushchev may want a victory to show the Communist world and Peiping he is right.

If the West backs down and permits it, Khrushchev will have won his point cheaply, and there will likely be pressure for new Communist thrusts, with all the related dangers.

If the West calls Khrushchev's hand, what does the Kremlin do next?

Therein lie the dangers of a Communist family argument.

Kiwanis At Wellsville
Will Judge Pet Shows

The Wellsville Kiwanis Club, at a meeting Tuesday night at Piatt's Tea Room, voted to provide judges for a pet show to be held at the city's five playgrounds tonight at 7:30.

There will be three categories. First place winners will be given silver dollars and second place winners will get 50 cents.

The judges and the lots are: Cedric Stanway, McKinley; the Rev. William Hewitt, 6th St.; George Wilson and Carlton Nicolaus, 10th St.; Richard Brown, Richard Jones and Thomas Piatt, 17th St., and Charles Wilfing, president, 20th St.

Sixteen attended. Rev. Hewitt and Atty. William Bush, delegates, reported on the International Convention at Toronto, Canada. Wilfing conducted business.

The club will meet next Tuesday at 6:30 p. m. at Piatt's.

Silver 25-year certificates will be presented to Mrs. Viola Dunn, Mrs. Beatrice Henry, Mr. and Mrs. Kenneth Mick and Paul Serafy.

Harry C. Cook of North Bloomfield, state overseer, will address the group and Dean Forbes will give a history of the Grange. The

Mele-Tones will provide special music and Ralph Falconer, master, will serve as master of ceremonies. The program also will include the Grange ritual.

The observance will begin with a coverdish dinner at 12:45. The committee is comprised of Mrs. Wilda Shafer, Mrs. Isabel Patterson, Hugh Jack, Mrs. Ellen Forbes and Clarence Williams.

The Grange was organized May 4, 1911, with the late W. H. Campbell as its first master. It met in the Coal Hollow School and at various homes until the present building was erected on a half acre of ground adjoining the Yellow Creek Presbyterian Church parsonage. The site was purchased in December 1911. A Juvenile Grange was organized in 1953 and quarters were provided for its meetings.

Calcutta Grange Receives County Traveling Clock

Lisbon Grange presented the "traveling clock," a county project, at the meeting of Calcutta Grange Tuesday night at the Grange Hall.

Miss Sandra Shaw, lecturer, used the program theme, "Something Old and Something New."

Recitations were given by Arlene Prosser, "Dr. Johnson's Picture Cow," and Blaine Prosser, "Being Brave At Night." Fred Bates and Roger Crowl presented a humorous skit.

Vocal selections were: Karen Shaw, "Allegheny Moon," and Charlene Prosser, "Faith, Hope and Charity." Mrs. Della Prosser was accompanist for group singing.

Max Gard gave a talk on "First Settlers."

Arthur McDevitt, past master, presided in the absence of Ellis Wright. Plans were made to take the clock to the West Point Grange July 28.

Refreshments were served by Mrs. McDevitt and Mrs. Dwight Hickman.

A home economics contest will feature the next meeting Aug. 1. Prizes will be awarded for home-baked bread and embroidered pillow cases.

Couple Establishes Home After Wellsville Wedding

Mr. and Mrs. Nunzio (Sam) Lombardo, who were wed July 8 in the Wellsville Immaculate Conception Catholic Church, are residing at 1223 Clover St., Wellsville.

They have returned from a five-day honeymoon trip to Niagara Falls, Canada and New York City. The bride, the former Miss Deloris Mae Howell, is the daughter of Mr. and Mrs. Emerson Howell of Hammondsville. The bridegroom is the son of Mrs. Mary Lombardo and the late Antonio Lombardo of Wellsville.

Fr. John F. Lyons read the double ring rites before a nuptial high mass at 10 o'clock. Vases of white mums decorated both sides of the main altar, which was banked with palms.

MRS. N. S. LOMBARDOZZI
She's Former Deloris Howell.

Mr. and Mrs. James O'Reilly, soloist and organist, presented music at the mass. During the offertory they sang "Ave Maria" and at communion O'Reilly sang "Panis An Gelicus." A duet of "On This Day, Oh Beautiful Mother" was sung as the bride placed a bouquet of white carnations at the altar of the Blessed Virgin.

The bride's floor-length gown was fashioned with short sleeves, low scalloped neckline styled with pearls and sequins, fitted bodice with a full skirt of white organza with wide panels of chipped lace and crystal pleated organza. A fingertip veil of imported French illusion was attached to a double Queen's crown of lace and organza enhanced with roses and pearls. She carried an arrangement of white carnations and orchids arranged in a cascade style with streamers tied in lover's knots.

The bride wore a sixpence in her shoe and carried a white handkerchief trimmed with Chantilly lace, loaned to her by Mrs. Ruth Nohs, and observed other traditions. Her father escorted her and gave his daughter in marriage.

Mrs. Lucy Graham of Toronto, a cousin of the bridegroom, was matron of honor. The bridesmaids were Miss Shirley Howell, sister of the bride, and Miss Kathy Rife, friend of the bride.

The matron of honor wore a cocktail-length dress of white chiffon over taffeta embroidered with white flowers with matching bodice and streamers. Her Dior bow headpiece with theater-length veil was of orchid with matching accessories.

The bridesmaids also were attired in matching cocktail-length dresses of white chiffon over taffeta, embroidered with orchid flowers, with matching bodice and streamers. Their headpieces were matching Dior bows with theater-length veils. Their cascade bouquets consisted of white carnations edged in orchid, tied to match their dresses, with matching streamers.

Vickie Lynn Biacco and Teresa Marie Bennett, nieces of the bridegroom, were flower girls. They wore white chiffon waltz-length dresses. Their orchid accessories included socks, lace mitts and headpieces. They carried white baskets containing a variety of tiny petals and flowers and tied with large orchid bows.

The bride presented her attendants with strands of pearls and matching earrings.

No. 9 School Reunion Set At Park Saturday

About 125 are expected to attend the annual reunion for scholars and residents of the district of the former Laurel Hill No. 9 School on Park Way Ext. Saturday at Thompson Park.

A basket picnic supper will be served buffet style at 6 p. m. at the lower pavilion. Ice cream and coffee will be provided.

The school has been closed for several years. It served as a focal point for activities for residents of the area.

Herman Cunningham of New Waterford is general chairman. Mrs. Robert Cehrs of Crestview Dr. and Mrs. Robert Wilson of 10th St., Wellsville, are in charge of publicity.

Hammondsville Post Slates Dance Friday

HAMMONDSVILLE — Shorty's Trailblazers will provide music for a street dance to be held by American Legion Post 742 Friday night.

Permission to close the Old Ironside Rd. for the dance has been granted by the Jefferson County commissioners. Harry Springer, post spokesman, said today.

Refreshments and entertainment are planned. The post has voted to sponsor another street dance Aug. 4. The post will meet Aug. 1.

Educator Claimed

Picnic Slated On Labor Day At Salineville

Plans for the annual Labor Day picnic of St. Patrick's Catholic Church of Salineville were made at a meeting Tuesday night at the parish hall.

A public roast beef and ham dinner will be served from noon to 6 p. m. at the fete and various amusements will be furnished.

About 35 attended the meeting, at which Fr. Thomas Beldue, pastor, was in charge. Proceeds from the event will be used for repairs to the roof and walls of the church.

The pastor was host for a fish fry after the meeting.

An illusion show was presented by Robert Cole at a meeting of the Salineville Ladies Civic Club Tuesday night at the American Legion home.

It was reported Mrs. Effie Potts had donated \$10 for landscaping at the Nelle Hart memorial marker at the community field. Discussion on a proposed community swimming pool was postponed until the next meeting.

Misses Ada and Edna Kirk were in charge of games, and Mrs. Bessie Maple, Mrs. Meryl Knox and Miss Nelle Toban served lunch. Mrs. Charles Mundy, president, was in charge. Thirteen attended.

A picnic meeting will be held at the next meeting Aug. 15 at the shelterhouse at the community field.

Mrs. Warren Bettis of E. Main St. was hostess to the 4-Re-O Club Tuesday night, when prizes at bridge were won by Mrs. Homer Smith, Mrs. Olive Dorrance and Mrs. James Whelan. Lunch was served. The group will meet in August with Mrs. Orville Madison of W. Main St.

Joyce Burns, daughter of Mrs. Callie Burns, was among youngsters receiving first Communion Sunday at St. Patrick's Catholic Church.

90 Units Awaited In Waterford's Parade Tonight

NEW WATERFORD — An estimated 90 units, largely fire departments from the Tri-State district, are expected to take part in a parade tonight at 7 at the annual New Waterford firemen's fair.

The Fairfield-Waterford High School band will be among the marching units. Prizes will be awarded.

The fair, which began Monday, will continue through Saturday, with proceeds to be used for fire equipment.

Firemen reported \$60 found Monday by Fred Zellers, 16, of 203 Salem St., Columbiana, was returned to the owner Wednesday night, and cited Zellers for his honesty.

Frank Cook, a tightwire performer who presents a show nightly at 10, was stranded in the dark Monday night when an overloaded circuit failed, blacking out the fair area and leaving him 60 feet in the air. He returned to ground safely, however.

Ferro, Corp Reports Decline For Earnings

Ferro Corp. of Cleveland, which operates the Louthan Manufacturing Co. in East End, reported today it had consolidated net earnings of \$1,053,000 in the first half of 1961, compared with \$1,729,000 in the same time during 1960.

The earnings represent \$1.29 on each share of stock, compared with earnings of \$2.11 in the first half of 1960, the company said. Sales were \$29,818,000 in the first half of 1961, against \$32,888,000 in the first half of 1960.

However, the company said it noted a "marked pick-up" in activity beginning in March which continued throughout the second quarter.

Jury Awards \$125,000 For School, Land

A Jefferson County Common Pleas Court Jury has returned an agreed verdict of \$125,000 in favor of the Stanton Local Board of Education in a highway appropriation suit involving the Port Homer School.

The jury decided the land appropriated is worth \$11,280, the building is worth \$108,960, and damage to the residue was set at \$4,760, for a total of \$125,000.

The verdict equalled the deposit made by the State Highway Department June 2.

The Port Homer School property is needed for the relocation of Route 7 in construction of a limited access highway.

The four-classroom, brick structure was built in the late 1930's. Some 98 children at the school

will be absorbed this fall into the new Edison School under construction at Stratton.

County Firemen Postpone Voting

A film, "Seconds to Survival," was screened at a meeting of the Columbiana County Firemen's Association Wednesday night at the Glenmoor fire station.

Showing the nation's defense and missile warning system, it was provided by the Ohio Bell Telephone Co.

New officers were to be elected, but action was postponed until the next meeting Aug. 16 at Minerva, as there were very few present.

Most of the men remained in their own communities because of the warnings issued on the possibility of a severe storm in the county. But it did not materialize.

Chief Robert Lewis of Wellsville presided. Asst. Chief Alfred Van Dyne of East Liverpool is secretary-treasurer.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: My husband can go around with a hole in his sock the size of a half dollar and never see it, but he's a perfectionist when it comes to his car.

He takes it to the garage almost once a week, even though it runs fine and never has given us any trouble. The repair bills are a crime and I say they are for nothing.

The garage mechanic told my husband (in my presence last week) that there was nothing wrong with the car but my husband left it anyway and insisted that they "go over it and find out what that odd humming sound is."

After dinner some nights he will go out to the car, start up the motor and sit there in the driveway for 20 minutes just listening. When he comes back he says, "There's a little trouble under that hood. I'll have to take it to the shop tomorrow."

What can I do?—TEARING MY HAIR.

Dear Tearing: It sounds to me as if the "little trouble" is under HIS hood. He needs a brain mechanic, not a grease monkey.

If this is his only symptom, say nothing. It's an easy problem compared with excessive drinking, gambling and blonde trouble.

Confirmed Scoundrel

Dear Ann: I fell madly in love with a guy who works in our office. He was eligible, good looking and had a terrific personality. We went together 11 months. I was happy as a lark.

He decided to go home and see his folks during his two-week vacation. He proposed before he left and I accepted. He returned — married. It seems he "rediscovered" his childhood sweetheart.

It almost killed me but I was pleasant and congratulated him with the others. Then, thank

Tax On Prescriptions Remains For 90 Days

COLUMBUS, Ohio (AP) — Retailers must continue to collect the Ohio sales tax on prescription medicine, artificial limbs, braces and wheel chairs for another 90 days.

That was the ruling today by Atty. Gen. Mark McElroy on the question of the effective date of a non-emergency act signed into law by Gov. Michael V. DiSalle.

There had been some question that the tax exemption law might be effective immediately but a statement issued by McElroy's office noted:

"Under the state constitution a bill levying a tax becomes effective when signed by the governor. However, the bill in question does not levy a tax but only exempts certain items from the tax."

Flies and Mosquitoes spoiling outdoor living?

They don't need to. In fact Scotts, the famous lawn people, guarantee you freedom from insect annoyance.

You use their remarkable tool, the ZEPHYR, to atomize BOON so it settles as a nearly invisible film on your shrubs, flowers and foundation plantings. When insects land to rest or feed, they meet their doom with BOON.

Come in today. Tonight your yard can be an island of freedom. No odor, no mess and no worry about people, plants or pets.

heavens, he was transferred to another department so it was easier to get over the blow.

Five months have passed. He showed up at my house last night to tell me his marriage is falling apart. He doesn't want a divorce just yet, but he asked me to see him secretly until he can get free.

I'm ashamed to admit it but I'm still crazy about him. He swears he loves me and is begging for a chance to prove it. What should I do?—DILLY.

Dear Dilly: Look at the record. If after 11 months of courtship and a proposal he could return from a two-week vacation married, then he's capable of anything — and he's proving it. At the moment he's sneaking behind his wife's back trying to re-establish the affair with you.

If you want to louse up your life thoroughly, just take up with this scoundrel again. He's just the guy who can do it.

Travel Tip

Dear Ann: Your suggestion for

the mother whose two kids almost kill each other in the back seat of the car whenever the family takes a trip was something less than civilized.

Parents who must spank children confess that they have no imagination. It's easy to hit a youngster. It takes control and brains to figure out a peaceful solution.

It's understandable that two young ones get bored enough on a long trip that they may begin to fight. The parents should then put one child in front with Dad, while Mom sits in back with the other. Then change. In this way, Dad can point out spots of interest, and so can Mom, and everyone will have a better time. —THE PACIFIST.

Dear Pacifist: Your suggestion is an excellent one, and should be tried for variation, but not as a substitute for discipline.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamp, self-addressed envelope.

Men Indicted In Kidnaping

Harry J. Sembrakis, 27, and Gust D. Psiogis, 23, both of Chicago, are awaiting arraignment on kidnaping charges after their indictment by a Federal Grand Jury in Elkins, W. Va., in connection with the forced ride on which a Newell district man was taken last April.

The two are accused of abducting James E. Graham, 24, and forcing him to haul them to an isolated rural area near Hookstown, where he was forced out of his car. Graham had picked up the two as hitch-hikers at E. 3rd St. and Broadway in East Liverpool.

The two Chicago men were arrested shortly afterward in Maryland in Graham's car. The Wheeling office of the Federal Bureau of Investigation filed the charges.

The two also face charges of armed robbery in Washington, Pa. After dumping Graham out of his car, they stuck up a gasoline station in Washington, authorities charged. They were captured near Hagerstown, Md.

Secret Service Agents

35 Men Constantly Turn Their Backs On Kennedy

WASHINGTON (AP) — Thirty-five men around the President constantly turn their backs on him—and get away with it.

These aren't ordinary men. They watch the people who watch the President. Carefully picked, rigorously trained, they are Secret Service agents responsible for the life and safety of the chief executive and his family.

What is a typical agent like? What tempts him into a job that keeps him away from home a lot, costs him money out of his own pocket for expenses, and expects him to put his own life on the line, if need be, to protect the man in the White House?

U. E. Baughman, chief of the U.S. Secret Service, took a reporter in tow, looked around, spotted Charles Hall as a rather typical agent, and even started the interviewing himself. Since Baughman doesn't want names and pictures of his agents printed widely, the name is fiction.

Hall is a well-knit chap with close-cropped, curly brown hair. He carries 185 pounds on a 5-foot 11 frame—and a 38 revolver on his left hip. He looks as if he could have turned in a pretty fair performance as a halfback in college. But he was an end instead, at Concordia College in western Minnesota.

"How old are you?" the chief asked.

"Twenty-nine."

"Married?"

Yes, and he has a son 4½ and another baby due in October. He rents a semidetached house in the suburbs.

Never while he is on duty is

Hall without that gun on his hip. The matter of evening clothes points up a problem. Since Secret Service agents accompany the President and Mrs. Kennedy everywhere they go in public, to all sorts of official and social functions, they need a varied wardrobe. It's a uniform in effect, but they get no clothing allowance.

Hall invested \$85 in a tuxedo. When he has to turn out in white tie and tails, for state dinners or receptions, for example, he rents them for \$12.50 an evening—\$12.50 of his own money.

When the First Family goes out of town, to Middleburg, Va., New York, Palm Beach, Cape Cod, Hall goes along. But he and the other agents don't live in the style of a president. They can't afford it, not on \$12 a day to cover room, food, laundry, odds and ends—everything but transportation.

Hall is in Civil Service Grade 10. That pays \$6,995 a year. In October he will have been in the SS three years and should go up to Grade 11 and \$7,560. In time he might work up to \$14,000 or \$15,000 a year.

The job has rewards for Hall, even though he must be away from his wife and son frequently. "Partly," he said, "it's the wide experience you get and the type and variety of people you meet."

"You get a lot of satisfaction out of knowing the First Family appreciates the protection you give them. You sense it even when they don't come right out and say so."

8 More Schools Contest State's Claims On Taxes

CHARLESTON — Eight more West Virginia high schools are contesting the state's claims for back taxes and penalties.

The eight joined Parkersburg High in asking the Tax Department to reassess the claims, meaning they want them reduced or wiped out.

The schools are among 37 from which department auditors on the basis of a recent survey claim about \$16,000 is due for uncollected consumers' sales taxes for the past five years and delinquency payments.

The eight schools are Fairmont East, \$959.06; Fairmont, \$408.95; Fairview, \$89.12; Farmington, \$120.74; Mannington, \$76.33; Monongia, \$131.15; Rivesville, \$649.25; and Morgantown, \$498.20.

A hearing was held here Tuesday on Parkersburg's petition. No

hearings have been set in the other cases. It appears probable their outcomes will hinge, at least in part, on the department's decision in the Parkersburg case.

The department has claimed that Parkersburg owes more than \$4,000 in back taxes and penalties.

The first to use the popular expression, "It's a riot," was Shakespeare in his "Merry Wives of Windsor." He also coined the modern expression, "Oh, be yourself!"

Kennedy Eyes Physical Fitness Plan In Schools

WASHINGTON (AP) — President Kennedy, alarmed lest this turn into a nation of weaklings, will soon send a message to every school administrator saying why it's urgent that each student be physically fit.

This will be followed by a second message, going to 144,000

schools, showing how he thinks this can be accomplished.

The kickoff of the physical fitness drive came Wednesday with Kennedy calling for a minimum of 15 minutes of vigorous activity each day in each school in the country.

In his message to school administrators — the first of the booklets will go out next week — Kennedy says: "Although today's young people are fundamentally healthier than the youth of any

previous generation, the majority have not developed strong, agile bodies.

"The softening process of our civilization continues to carry on its persistent erosion."

School Bond Vote Set

NORWALK, Ohio (AP)—A \$1.345,000 bond issue for school construction will be on the November ballot here, the board of education decided Wednesday night.

Election Planned At Youth Meeting

NEW CUMBERLAND — A program tonight at 7:30 at the Christian Church will mark the conclusion of the 67th convention of the West Virginia Christian Endeavor Society, which opened Monday.

Officers will be elected this afternoon and will be installed tonight. The Rev. Allen Fields, pastor of the host church, said 180 are registered for the conference.

The Rev. C. E. Willis of Cameron, W. Va., will be guest speaker tonight.

Today's session opened with a communion service. Those attending have been housed in community homes. Meals have been served at the Swaney Memorial Library.

Colorado Authorities Will Take County Man

LISBON — Colorado authorities notified Sheriff Russell J. Van Fossan Wednesday they will leave today to take custody of Leroy Albert Beadnell, 24, of Salem R. D. 2, who waived extradition last Friday before Common Pleas Judge Raymond S. Buzzard.

Beadnell is scheduled to be returned to Brighton, Colo., to face a charge he stole tools and an adding machine valued at a total of \$260. Beadnell has been in County Jail since July 13, when he was taken into custody on the Colorado warrant.

Latman Wins 9th Straight; Indians Top Bosox Twice

CLEVELAND (AP) — Romance has made the big difference in his pitching career says Cleveland's Barry Latman, who won his ninth game without a loss. The broad-shouldered right-hander beat the Boston Red Sox 4-1 Wednesday night on an eight-hitter in the first game of a double-header.

"Becoming engaged, finding the right girl, has been the settling influence," says the Indians hurling ace. "It's given me something to work for."

The girl is Lynne Schwab, a 20-year-old Los Angeles belle and the wedding is set for October.

Wednesday night's victory gave Latman more decisions than he ever had in the majors. His previous best was 8-5.

"Shoulders," as Latman's teammates call him, may have earned a spot on the American League's All Star squad for the game in Boston July 31.

Willie Kirkland and Tito Francona hit solo home runs in the third inning. It was Kirkland's 17th of the year and Francona's eighth.

Chuck Essegian sparked the Indians' two-run rally in the second with a blooming double to right after Bubba Phillips and Kirkland had singled.

Latman's only serious jam came in the seventh, when he gave up two singles and a walk, leading the bases with none out. But after Vic Wertz's fly ball scored a run, Latman struck out Pumpsie Green and made Chuck Schilling ground out.

The second game was a spine tingler which Cleveland won 9-8 when it scored three times in the eighth.

With the Indians behind 8-6, Bubba Phillips and Francona singled. Essegian beat out a high hopper, scoring Phillips. John Romano followed with a double to bring in Francona and Essegian. The latter was safe at home when catcher Russ Nixon dropped the ball.

Cleveland scored a run in the first on Francona's double and Phillips' single.

Boston came back with two runs in the second on a homer by Wertz, a single, a wild throw by Francona, and two walks, the last one forcing in a run.

The Indians tied it at 3-3 with a

The New York Yankees lost twice at Washington, 8-4 and 12-2, Wednesday night but retained the lead in the American League race by three percentage points when Baltimore beat second place Detroit 4-2.

Cleveland took two from Boston, 4-1 and 9-8; the Chicago White Sox beat Kansas City 6-5, the Los Angeles Angels took eighth place from Minnesota by beating the Twins 2-1 after losing the opener of the two-night double-header 6-0.

Bernie Daniels (5-5) and Dick Donovan (6-8), a pair of right-handers, beat the Yankees, holding Roger Maris and Mickey Mantle to two hits in 15 at-bats. Maris was 0-for-7. Mantle was 1-for-4 in each game, belting his 36th home run in the nightcap, off Donovan. That broke a tie with Maris for the major league lead and put the Mick 19 games ahead of Babe Ruth's record-60 pace of 1927.

Jim Gentile of Baltimore regained the RBI lead in the AL with 85, leap-frogging both Maris and Mantle with a two-run, third-inning homer that beat Detroit's Jim Bunning 10-7.

Chuck Essegian and Johnny Romano did it for the Indians. They wrapped up the opener by driving in two runs in the second inning, Essegian with a double, Romano with a ground out. Romano followed with a two-run homer that gave Cleveland a tie in the nightcap fourth, and paired with Essegian again in a clinching, three-run eighth inning.

2 Ex-WVU Stars 'Doing Well' In Professional Ball

MORGANTOWN (AP) — Two former West Virginia University basketball and baseball players have been doing very well in professional baseball recently.

Ronnie Retton and Paul Popovich, both minor league infielders, are considered highly by their respective parent clubs.

Retton, a shortstop for Greensboro in the New York Yankee chain, was named the most outstanding player in the Class B Carolina League last month. The diminutive Retton batted .313 and drove in 37 runs in June.

Popovich another former guard on a WVU cage squad, hit two home runs in a recent game for San Antonio of the Class AA Texas League. The 20-year-old former Mountaineer second baseman is batting .284 and is ranked an excellent infielder.

He is in the Chicago Cubs' minor league organization. The Cubs paid Popovich a \$40,000 bonus to sign.

The second place Los Angeles Dodgers backed Johnny Podres' nine-hit pitching with a pair of four-run innings for an 8-3 victory at Cincinnati Wednesday night that trimmed the Reds' National League lead to 2½ games.

St. Louis, the hottest club of the moment, kept third-place San Francisco eight games behind by beating the Giants 3-2 in 10 innings. It was the fifth straight success for the sixth place Cards.

Philadelphia beat Philadelphia 8-5,

LA Only 2½ Games Behind

but the last-place Phils took the second game of the two-night pair with two ninth-inning runs for a 2-1 victory. Rain washed out Chicago-Pittsburgh.

The Dodgers came from behind with the first of their four-run bursts, in the third inning, against losing right-hander Bob Purkey (11-5). Singles by Norm

Larker, Charlie Neal, Willie Davis and Wally Moon, plus Purkey's error and an infield out, did it. Larker, who had three of the Dodgers' 11 hits, and Neal singled again in a four-run sixth, with Neal's hit driving in two. Podres (11-2) walked only one and struck out four in his first

complete game at Crosley Field since July 28, 1957.

Bill White was at it again for the Cards. After tying the major league record with 14 hits in two consecutive double-headers, he made it 16 hits for five consecutive games—batting in a first-inning run with a triple and then

breaking a 2-2 tie with a single in the 10th. White's error gave the Giants their first run, and Harvey Kuenn's homer tied it in the ninth.

The Phils were blanked on three hits for eight innings by Carl Willey (3-4) in the nightcap, then beat the Milwaukee right-hander on singles by pinch hitter Elmer Valo, John Callison and Lee Walls in the ninth.

In the opener, rookie Mack (The Knife) Jones batted in three runs with a triple and two singles.

'Big Daddy' Goes To Steelers In 5-Player Trade

PITTSBURGH (AP) — The Pittsburgh Steelers of the National Football League Wednesday obtained tackle Gene (Big Daddy) Lipscomb from the Baltimore Colts in a trade involving five players.

The Steelers sent end Jimmy Orr, linebacker Dick Campbell, and tackle Joe Louis to Baltimore in return for Lipscomb and center Buzz Nutter.

Lipscomb, 6-6, 275 pounds, was a member of the championship Colt teams 1958 and 1959. Steeler Coach Buddy Parker said he obtained the big center to beef up his defense.

"One of our short comings last season was putting the rush on the passer," Parker said, "and that's why I made the trade for Lipscomb."

Orr, 5-11, 190 pounds, was a

leading pass receiver during his three years with the Steelers.

Nutter, who played center for Huntington Vinson High before making quite a gridiron name at VPI, was drafted by the Washington Redskins in 1953. He was traded to the Colts in 1954 and worked his way into a steady job as offensive center.

He was the celebrated granite wall which led the Colts to world championships in 1958 and 1959.

Last year the Colts appeared headed for their third straight title. Then they suddenly folded and lost their last four games.

"There's going to be a lot more changes in the team," Nutter said. "Half the players haven't signed contracts. They haven't even mentioned a contract to Johnny Unitas. He's the star quarterback."

Hospital List Growing As U.S. Tops Germans

STUTTGART, Germany (AP)—With the hospital list growing by leaps and bounds, the battle-weary United States track team headed for London today and a two-day meet with Britain Friday and Saturday.

Coach Jumbo Jim Elliott's squad wound up winners 14-6 in events and 120-91 in points, over West Germany here Wednesday with two additions to the sick bay squad—miller Jim Grelle and javelin thrower John Fromm.

The U.S. women's team may have lost its ace—Wilma Rudolph, who complained of a pain in her right leg after flashing to a world record of 11.2 seconds in a special 100-meters race during the men's meet Wednesday night. Wilma shares the listed mark of 11.3 with two others.

Her injury is a pull in the hamstring muscle but team physician, Dr. Dan Hanley, said he thought she would be able to compete in the remaining two meets.

Grelle, who was scheduled to run the 1,500 meters against West Germany, had a sore throat, and Fromm complained of a muscle pull. Both were scratched. Paul Drayton, No. 2 sprinter, was kept out of the West Ger-

man meet because of a muscle pull. Pole vaulter John Uelses is getting over a leg infection.

College All-Stars Score 3 In Tuneup

EVANSTON, Ill. (AP) — The College All-Stars, tuning up for their Aug. 4 football game with the Philadelphia Eagles, scored three times in an 80-minute scrimmage Wednesday.

Quarterback Norm Sneed of Wake Forest passed 22 yards to Joe Bellino for one touchdown. Bill Kilmer of UCLA hit end Mike Ditka of Pittsburgh for a 23-yard payoff. Halfback Pervis Atkins of New Mexico State scored the third by skirting end from the 5.

Burl and Merle Jennings, former Michigan State wrestlers, are the only twins in collegiate history to win two successive NCAA mat titles.

Alabama Coach Backs Split Football Season

BIRMINGHAM, Ala. (AP)—Alabama Coach Paul Bryant, who owns a reputation as a football team rehabilitator, comes up with an idea he believes will revolutionize the game—a split season.

Football games in the spring will attract just as many fans as football, Bryant told Birmingham News sports editor Benny Marshall today.

"What do you think we could do with three games in the spring?" Bryant asked.

"I guarantee you if we played Auburn in Birmingham, Ole Miss in Tuscaloosa and Kentucky in Lexington, we'd all get \$300,000 apiece," he declared.

Current rules of the National Collegiate Athletic Association limit college games to 10 regular-season games during the "traditional autumn period," and to 20 spring practice days over a 36-day period.

Bryant said money from the spring games would go a long way toward raising teacher salaries, buildings and other educational uses.

Cobb Buried In Georgia

ROYSTON, Ga. (AP)—Ty Cobb has reached his final resting place.

The body of the fiery Georgia peach of baseball was entombed in the white marble family mausoleum Wednesday beside his parents and his sister, Florence.

About 200 uniformed Little League baseball players, heads bared, lined the roadway leading from the cemetery entrance to the mausoleum as the long procession of automobiles arrived here from Cornelia, site of the funeral services 28 miles to the north.

Cobb spent most of his last years in Cornelia.

Among those at the last rites were Mickey Cochrane and Ray Schalk, former major league catchers and personal friends of Cobb; and Nap Rucker, onetime National League pitching star and Cobb's roommate when they broke into baseball together at Augusta.

Cobb, 74, died Monday in an Atlanta hospital after a two-year battle with cancer.

Whips Tennis Foe

LOUISVILLE, Ky. (AP)—Wimbledon Junior Champion Clark Graebner of Lakewood, Ohio, overcame a shakey start to sweep past his second opponent in the Kentucky State Junior Invitational Tennis Tournament Wednesday. The top-ranked Ohioan defeated Charlie Wilkof of Louisville 6-4, 6-2.

Local Stock Car Drivers At Clinton

When the Greater Pittsburgh Speedway presents its weekly Friday night, Super Modified Stock Car Races, two old time favorites of the Tri State Area race fans will be back in the lineup, John Gaultier of Wellsville, Ohio and Tommy Lewis of East Liverpool, Ohio.

Both Gaultier and Lewis have been absent for quite some time. Gaultier has a new car to drive and Tommy Lewis is back in the old familiar No. 50.

Each Friday night the Greater Pittsburgh Speedway is drawing the finest field of cars and drivers to appear at any Tri State Area track.

Some of the stars are Gib Orr of Warren, Jim Seese of Akron, Jim Shaffer of New Castle, Bob Adamson of Coraopolis, Jerry Dudley of New Philadelphia, Rich Bauman of Ambridge, Fred Johnson and John Rosenberg of Morgantown, Lou Blaney and Dale Johnson of Hartford, Dave Lundy of Monroeville, Dick Bailey of Grove City, and Herb Scott, five times PRA Champion.

Work, No Play Finally Pays Off

By The Associated Press
All work and no play finally paid off for Jersey City right-hander Orlando Pena in the International League.

The leading workhorse in the IL with 136 innings pitched, he went the distance Wednesday night for the first time since June 16 as he beat Richmond, 5-4.

Pena (6-7) helped his own cause with two hits and a run batted in. Borrego Alvarez chipped in with his seventh homer for the Jerseys, a two run job in the sixth inning.

Jersey City scored the deciding run in the bottom of the seventh on Frank Obregon's second triple, which drove in Dan Morejon.

In other IL action, Buffalo split a pair with Toronto, taking the first one 2-1 behind Ed Keegan, and dropping the nightcap 8-5; Syracuse topped Rochester 6-2; Columbus at Charleston was rained out.

EL Nationals Ahead In Rained Out Game

The game between the East Liverpool National League All-Stars and Salineville was halted by rain in the second inning Wednesday at Salineville. The contest will resume today at 6 p. m. from the point where it was called with East Liverpool leading 5-0 and at bat in the last of the second inning. The Nationals scored all their runs in the first inning.

League tournament. The East Liverpool entry will meet Conotton Valley today at 6 p. m. at Hilbert Field.

The righthander gave up two hits in the first inning but then settled down to yield only two more hits for the remaining five innings. He struck out six and gave up only one walk.

East Liverpool took a one-run lead in the second inning on back-to-back singles by Dennis Klembara and Dana Stoddard. Klembara scored after two outs on a wild pitch.

The locals iced the victory in the fourth inning by pounding out five hits and taking advantage of two Wellsville errors for five runs. Frank Tice's double was the big blow.

Weekley was the losing pitcher and gave up nine hits. He was relieved by McCombs in the fifth inning.

Klembara and Stoddard paced East Liverpool's attack with two hits each.

The East Liverpool Americans are defending district champs and reached the semi-finals of the state tournament before bowing out last year.

Cobb Stands Alone As Fiery Genius Of Game

Third of a four-part series on Ty Cobb.
By The Associated Press
Ty Cobb, the old Georgia Pea ch, was not a natural. He had certain gifts but he made his own breaks.

The late H. G. Salsinger, sports editor of the Detroit News, summed up Cobb in this manner after watching him for many years:

"Tyrus Raymond Cobb was the players' player just as Christy Mathewson was the pitchers' pitcher. A few others probably

had more mechanical ability than Cobb, could field better, throw better, could hit the ball farther than Cobb, but none ever matched him for speed of mind and limb, for aggressiveness and daring, for flaming competitive spirit. He stands alone as the fiery genius of the game.

"One day he threw out three runners at first base from right field in a single game. He was ingenious and inventive. He had the look of an eagle and the soul of a thoroughbred."

Only one man, George Leidy,

an older outfielder, apparently understood young Ty. He painted glowing pictures of big league life and pointed out the struggles that men like Mathewson and Honus Wagner waged before they became perfectionists. How Matty had no control at first. How Wagner was as clumsy as a bear fielding a ball.

Stirred by Leidy's eloquence, Cobb started practicing sliding. His hips would be raw and his uniform often spotted with blood but he learned to slide as no other player could.

As an outfielder he was a poor judge of fly balls until Leidy tutored him by batting fungoes by the hour, in front of him and over his head.

Cobb changed his batting style in 1905, learning to hit to all fields with a half choke grip. The stance that all pitchers were to learn to fear had been formed.

It was on the bases that Cobb really was spectacular. Branch Rickey once summed up Ty's brilliance as a base runner when he said, "I believe that Cobb carried

brains in his feet. At least he played that way."

The late Lou Criger, who caught Cy Young at Cleveland, once was quoted in the St. Louis Dispatch as saying Cobb was only a flash in the pan.

"Just let him try any of that crazy base running on me," Criger was quoted. "I'll show you how to stop him."

The first time Young started against Detroit, Cobb turned to Criger.

"Listen," he said. "I'm going to get on base and I'm going to steal second. Then I'll steal third and maybe I'll steal home. Let's see you stop me."

Criger said nothing as Young walked Cobb. Ty stole second on the first pitch. Then he stole third. He stole five bases during the game.

What Criger did not know was that Cobb had discovered a flaw in Young's pitching post. When Cy brought the ball to his chest, he was through with the base-runner and prepared to throw to the hitter. As soon as Young's hands were up on his chest, Cobb took off.

Milwaukee Golf Tourney Opens Today

MILWAUKEE (AP)—Most of the nation's top touring pros — with British Open champion Arnold Palmer and U.S. Open king Gene Littler the notable exceptions—were down to tee off today in the opening round of the \$30,000 Milwaukee Open.

In the absence of Palmer and Littler, Masters champion Gary Player of South Africa and two-

time Milwaukee winner Ken Venturi headed a field of 145 in the four-day, 72-hole test at the North Hills Country Club.

Palmer decided to pass up the Milwaukee to sharpen his game for the PGA, one of the few championships which has eluded him in recent years. Littler had to cancel out because of a previous television match commitment.

Lack of recent heavy rain has left the 6,410-yard course in excellent playing shape and par 70 may be in for a wholesale beat-

Form Sheet Stands Up In Tennis Play

CHICAGO (AP)—The form sheet in the National Clay Courts Tennis Tournament today stood as right and rigid as a railroad schedule.

All eight domestic seeded players, after Wednesday blasting out the Davis Cup prides of Mexico and Ecuador, paraded into the quarterfinals with a Bernard (Tut) Barten vs. Chuck McKinley title match apparently in the making Sunday.

Seven foreign stars hit the moist clay of rain-soaked River Forest Tennis Club Wednesday, eliminating the entire complement of the seeded visitors.

Barten and McKinley led a devastating American assault in which Antonio Palafox, Mario Llamas, Francisco Contreras and Alphonso Ochoa of Mexico; Miguel Olivera and Eduardo Zuleta of Ecuador; and Adrian Bey of Rhodesia failed to win a single set.

No. 1 seeded Barten, who won the clay title in 1959, 1958 and 1954, today encounters seventh-seeded Allen Fox, scrappy UCLA star. McKinley, finalist in the recent Wimbledon competition, takes his No. 2 meet ranking against fifth-seeded Don Dell, 23, Yale man from Bethesda, Md.

Program With A Message

The American Broadcasting Co. earned the distinction last week of producing a public affairs program with a message other than that life is a predicament! With public affairs producers seemingly addicted to the frowns of fortune — "The Great War," "The Berlin Crisis," "The Holiday Massacre," "The Trials of Charles de Gaulle" — ABC turned away from the prophets of doom in favor of something that spells hope for mankind.

Marie Torre

The program was "Editor's Choice," and the optimistic news related to a major medical breakthrough in the fight against the nation's No. 1 killer, heart disease, cause of 800,000 deaths yearly.

IT IS NOW possible, as viewers learned on the program, to detect impending heart attacks. Through a new X-ray camera technique called "cine-coronary arteriography," developed by Dr. Mason Sones, director of the cardiology laboratory at Cleveland Clinic, it now is possible to take motion pictures inside the human heart.

This development offers doctors a 20-20 view of the heart in action, permitting them to pinpoint in advance areas of stress.

Some 400 patients at Cleveland Clinic have undergone the examination, and on "Editor's Choice" we were able to gaze into the hearts of some of them. It was fascinating viewing, even by layman standards.

VISUALLY, it was nothing more than a web of pulsating arteries, but, conceptually, it was reality and hopefulness and television in the best public service tradition. Millions must have been comforted by the knowledge of medical science's strengthening position in the battle to conquer heart disease.

In interviews with Dr. Sones and Dr. Irvine Page, director of Cleveland Clinic, "Editor's Choice" Jules Bergman ferreted out interesting nuggets of information, not the least of which was the prospect of making such a heart examination mandatory for presidential candidates in the future. Needless to say, James Hagerly, ABC's news - public affairs chief and Dwight D. Eisenhower's former press secretary, had more than a cursory interest in putting on the show.

AFTER FIVE YEARS of night-time television, Tennessee Ernie Ford will return to the daytime field with a five-week series on ABC next year. The program will originate from San Francisco. NBC is the first of the net-

works to announce, a biographical show on the late Ernest Hemingway. Described as a portrait of the man, his works and his impact on our time, "Hemingway" will be the "Show of the Week" Oct. 1....

"The International Hour," restricted (unfortunately) to the five CBS-owned stations, continues to be one of the rare cultural treats on summer TV. Last Saturday's foreign exchange program was "Folk Songs of Japan," in which native singers and dancers in traditional costumes interpreted numbers inspired by rice growing, fishing, love, historic battles and a few other aspects of Japanese life and history....

Not the least amusing news item of the day is the report that the distributors of the British-made plays on "Mystery Theater" have initiated a series of dubbing sessions — "to make English more understandable to Americans."

ON "CONGRESSIONAL CONFERENCE" (WOR-TV) last week, Federal Communications Commissioner Newton N. Minow refused to comment on Gov. Robert Meyner's objections to the sale of WNTA-TV to the National Educational Television and Radio Center, but he was eloquent on the subject of the effect of his "TV is a vast wasteland" speech.

Interviewed by Congressman Emanuel Celler of New York, Commissioner Minow said:

"There's been some improvement, I think, more in the outlook of broadcasting than in the immediate future."

"It's hard to do much about those programs that have been committed and contracted for already. But I have had a number of talks with broadcasters and I have observed in the press that they are going to de-emphasize violence and that they are going to do more about children's programs and try to provide a better balance on it."

Commissioner Minow added he is encouraged by the long-term prospects in TV.

Programs Discussed

By BPW's Committee

The international relations committee of the Business and Professional Women's Club met Tuesday night at the home of the chairman, Mrs. Nessie Dunlop of Fisher Ave.

Program suggestions, including participation in fields at home and abroad, were discussed. Assignments were issued. These will be presented for approval at the meeting of the BPW Executive Board Tuesday at the home of the president, Miss Frances Jones of Princeton Ave.

Refreshments were served by the hostess. Others attending were Mrs. Helen Moore, vice chairman, Mrs. Hilda Edgar, Miss Margaret Baum, Mrs. Sara Steinberg and Miss Hazel McShane.

Calcutta Fair Debut Waited

The eighth annual Calcutta volunteer firemen's fair will begin Monday night at the grounds adjacent to the fire station, featuring booths, concessions, a mercantile display and a parade July 28.

The fair will open nightly at 7 and will have six amusement rides provided by the Heck Amusement Co.

There are about 10 concessions planned for the fair besides a mercantile display by 12 firms in the fire hall auditorium, Richard Wright, general chairman, said.

Over \$100 in prizes will be awarded to winners in the parade, for which 35 units and fire departments have registered. Prizes will be awarded for the oldest truck, greatest distance traveled, best comic, best-equipped vehicle, most firemen present and other categories, Earl Hickman, parade chairman, reported.

Advance tickets now are on sale by firemen at reduced prices. Proceeds will be used for a fund for a new fire truck which may be obtained in the next six months if the fair and other projects meet expectations, Norman Neal, president, said.

Plans Advanced For Water Show

Plans for a free water show Aug. 27 were advanced at a meeting of the Wellsville Boat Club Tuesday night.

The show, featuring various skiing events and clowns, will be presented off the club's docks at 18th St. in the Ohio River. Stu Wilson of Wellsville will serve as master of ceremonies. Richard Spahr, commodore, is serving as general chairman.

Some participants already have signed to appear, he said. The club will install a flag pole at the docks. Plans also were outlined for operating a concession stand. All committee members will meet next Tuesday night at 7:30.

Mayor William J. Shoub and a Safety-Service Director William S. Robinson will serve as judges for the events.

Mayor Bert Goodballet and Safety Service Director Lee Copenhaver also will be judges.

It's Same Old Story; More Rain Expected

Since the Ohio weatherman finally turned the indicator to "rain" a few days ago after a long dry spell, he just can't get out of the rut.

More showers are due this afternoon and tonight and there's a chance of rain again Friday, he said.

It will be cloudy and warm today with a high of 75-84. The overnight low will be 59-64. Friday will be mostly fair with little temperature change, but there's a chance of afternoon and evening showers, the forecaster said.

The Stratton Super-dam registered a high of 79 at 4 p. m. yesterday and an overnight low of 69 at 4 this morning. It measured forty hundredths of an inch of rain.

4th Polaris A-Sub Starts Global Patrol

CHARLESTON, S.C. (AP)—The USS Theodore Roosevelt, the nation's fourth nuclear-powered, polaris-armed submarine, left the Charleston harbor Wednesday for global patrol duty.

The 380-foot sub took aboard 16 thermonuclear warhead Polaris missiles at the arming base, then sailed under secret orders.

The other three Polaris subs now armed for action already are at sea. They are the George Washington, the Patrick Henry and the Robert E. Lee. Together with the Theodore Roosevelt, they carry 60 nuclear missiles.

'Sunshine' Edition

Fails To Bring Sun

ST. PETERSBURG, Fla. (AP)

—Tropical storm Brenda dumped more than 12 inches of rain on Florida the last time the St. Petersburg Independent gave away its "sunshine" edition of the paper.

That was July 29, 1960. The Independent gave another edition,

the 212th, away, Wednesday when

the sun failed to shine on the Independent building for 24 hours.

The paper started the practice

in 1910 to promote St. Petersburg

as the "Sunshine City."

Proportional representation is any system of balloting designed to give representation to minority groups in proportion to their numbers.

Electronics Pioneer

Left \$1,250 In Cash

LOS ANGELES (AP)—Dr. Lee de Forest, whose invention of the three-element vacuum tube helped spawn the vast electronics industry, left only \$1,250 in cash. Dr. De Forest's will was filed for probate Wednesday by his fourth wife, former actress Marie Mosquini. The famed inventor died June 30 at 87.

Mrs. De Forest's attorney said her husband held patents which could yield further income, but they are not doing so now.

The will, signed in 1954, left all property to Mrs. De Forest except for bequests of \$1 each to three daughters.

Complaints Disclosed On Boys' School

COLUMBUS, Ohio (AP) — Gov. Michael V. DiSalle confirmed in reply to a news conference question Wednesday that there have been complaints — "some signed and some anonymous" — against administration of the Boys Industrial School at Lancaster.

The governor didn't seem disturbed. He said the complaints have been turned over to the Department of Mental Hygiene and Correction.

While conceding he doesn't have full information, he said in apparent defense of BIS Supt. T. Lysiton Fultz:

"I don't know whether the angels could properly administer that place under present conditions."

"I feel you have to get to know a boy before you can do anything with him — and in four or five months you don't get to know him very well."

"It seems to me it would take more of a magician than an administrator to do the job, but the people upstairs (legislators) just won't realize it. I know he (Fultz) is working under very difficult conditions."

The governor said an effort will be made to get the controlling board to transfer BIS funds scheduled for use in the October-December quarter of this year to the present quarter to help improve staffing of the Lancaster facility. Otherwise, he said, he will be forced to ask for a quota system.

He pointed out that 2,047 new commitments and 520 returns to the institution between July 1, 1960, and June 30, 1961, totaled about four times the capacity of the school.

Reunion Set July 30

At Pine Grove School

The fourth annual community reunion and homecoming of Pine Grove School, near Hammondsville, will be held July 30 at the school.

The event will begin with Sunday School at 9:30 a. m., followed by preaching at 10:30 by the Rev. Theodore Nussler, pastor of the Pine Grove Methodist church.

A basket dinner, served cafeteria style, will be held in the school house at 12:30. Table service and cold drinks and coffee will be furnished.

At 2 p. m., a brief program will be presented in the church. Prizes will be awarded for various events.

DiSalle Refuses To Sign Plan Ending Tax Stamps

COLUMBUS, Ohio (AP)—Sales tax stamps definitely will bow out of the Ohio picture Jan. 1, 1962. Gov. Michael V. DiSalle announced Wednesday he is letting a legislative act abolishing the stamps become law without his signature.

"This is a step forward," the governor said in a message to the legislature. "However, I cannot sign the legislation for it violates, in my opinion, a basic principle of government."

"This legislation, while eliminating the stamps, eliminating the redemption features for individuals and charitable organizations, and eliminating agents' commissions, restores to automobile dealers a discount which the Ohio Supreme Court had held to be properly eliminated by the 103rd General Assembly (1959) and preserves discounts for vendors on the tenuous ground of prepayment and paying the tax on time."

The high court's ruling on the auto dealers' discount held that discounts under present law are actually payments to retailers for handling tax stamps, not payment for collecting the sales tax.

Since no stamp handling will be involved in the new system starting next year, there appears to be a question whether the proposed discounts—one per cent to all retailers for paying the tax and another one per cent to those who pay early—can stand a court test.

"We cannot justify the prepayment," DiSalle said, "since this will result in a situation whereby the vendor will use his own mon-

Social Security Law Change Grants Benefits To 160,000

Continuing an explanation of new amendments to the Social Security laws, William J. McCauley, manager of the Youngstown office of the agency, said today the changes are expected to make 160,000 elderly persons eligible for benefits for the first time.

The law reduces the length of time a person needs to have worked under Social Security to get retirement benefits for himself or to qualify his family for survivors' benefits in case of his death, McCauley said.

Some 160,000 older people will become eligible for cash benefits because of this change in the law — older men and women workers, their wives or dependent husbands and the widows, dependent widows and aged dependent parents of workers who have died. First payments to newly-eligible persons can be made in August.

Under the new law, a man reaching 65 or a woman reaching 62 this year will need Social Security credit for only 2½ years of work under Social Security, instead of the present requirement of 3½ years. A man who reached 65 or a woman who reached 62 before 1958 needs only a year and a half of work under Social Security to be eligible for retirement benefits.

The survivors of workers who died before 1958 also may become eligible for benefits under this change in the law if the worker before his death had earned Social Security credit for at least a year and a half.

Credit for work under Social Security is counted in three-month "calendar quarters." Therefore, a person need not have worked for a continuous period of two and a half or one and a half years, as the case may be. Social Security credit for calendar quarters earned at any time since 1936 can be counted toward the amount of work he needs to get retirement benefits for himself or to qualify his family for dependents or survivors benefits.

"If you believe that you or someone in your family may now be eligible for benefits because of this change in the law, get in touch with your Social Security office promptly," McCauley said.

This is a change that makes it possible for people to get benefits with even less credit for work covered by Social Security. As before, however, no one can be entitled to benefits with a total of less than a year and a half of work in employment or self-employment covered by Social Security.

Township Water Plea Scheduled For Airing

An open meeting of the Midland Heights Housing Authority is scheduled Wednesday to discuss granting permission to the Ohio Township Water Authority to make an emergency water line tap.

Wilbert Basinger, secretary of the Ohio Township authority, said the housing authority was contacted and it was learned that an open meeting of members must be held first.

The Midland Municipal Authority gave approval for use of its water providing the housing unit gave permission for the tap there. A bonding company will sell bonds for improvement of the water system in the township, but first the emergency tap is needed.

August Picnic Slated For Wellsville VFW

Plans for a post picnic in August were started at a meeting of Wellsville Veterans of Foreign Wars Post 9285 Wednesday night.

No date has been set. It will be held at the camp owned by East Liverpool Post 66 on Beaver Creek near Crockery City Farms.

Ed Parker will be in charge. Albert Douglass resigned as junior vice commander. He said he cannot attend meetings because of his work schedule.

Melvin Boggs, commander, conducted business. New by-laws were adopted. A dance will be held Saturday, July 29, with the El Morroco's Band of Youngstown providing music.

Falling Truck Injures Man

A Dixonville area man, caught beneath a truck which slipped off a jack, and a Chester area girl, struck by a stone, were admitted Wednesday to City Hospital, where three area residents were treated and released after separate mishaps.

Roy Houchin, 38, of Dewey Ave. Ext. is in "fairly good" condition today with possible fractures of vertebrae and abrasions and lacerations of the back.

He was changing the wheel on his truck at home when the jack slipped and he was caught under the vehicle. A passing motorist saw the mishap, stopped and helped to free Houchin. Witnesses said the wheel being changed had not been taken from supporting bolts and prevented the truck from crushing Houchin.

Terri Fox, 8, daughter of Mr. and Mrs. James Fox of Windsor Heights near Chester, is in "fairly good" condition with a laceration of the scalp received when struck by a stone thrown by a boy.

William Frail, 12, son of Mr. and Mrs. William Frail of Gilson Ave., was treated for a laceration of the chin received in a fall from a bicycle.

Kellie Birch, 18-month-old daughter of Mr. and Mrs. Clyde Birch of Birch Rd., suffered a cut of the left eyebrow in a fall at play.

Victor Surgenavich of Poland, employee of Chapin & Chapin, Inc., freeway contractors, was treated for a laceration over the left eye received when an instrument slipped against his face at work.

Counseling Center Maps Future Plans

Two committee chairmen were named and plans were made for a membership drive and house tour when the directors of the Child Counseling Center met Wednesday night at the Mary Patterson Memorial. Mrs. J. Donald Thompson was appointed chairman of the ways and means committee and Earl Bake chairman of the membership committee. A membership drive will be held in September.

The counseling center will be closed beginning July 28 and will reopen Sept. 5 for appointments. Mrs. Russell Smith, president, presided at last night's meeting. The directors will meet again on Sept. 20.

2 Held For Court In Theft Of Pipe

At a preliminary hearing Wednesday afternoon before Judge Helen Huntsman of Toronto, Bernard Benford, 25, rear of 1124 White St., Wellsville, and John D. Carter, 35, of Cleveland were bound to the Jefferson County Grand Jury on charges of grand larceny in connection with the theft of sewer pipe from a Port Homer firm.

Bond was set at \$1,500 each. Carter posted bond while Benford is being held in the Jefferson County Jail at Steubenville in lieu of bond.

The two are accused of the theft of sewer pipe valued at \$121.78 from the Peerless Clay Corp. at Port Homer.

The charges were filed by Hugh Ballantine, superintendent at the Peerless plant. They were arrested Friday by Jefferson County sheriff's deputies.

The pipe was being hauled in a truck driven by Benford, authorities said. The two were spotted hauling the pipe away, they added. The sheriff's office was notified and alerted Wellsville police, who halted the truck in a road block below Wellsville.

Stop 'Civil War,' Democrats Told

BEAVER FALLS — Otis B. Morse, Pennsylvania State Democratic chairman, urged a gathering of Beaver County Democrats Wednesday evening to "stop fighting each other and start fighting Republicans."

About 300 attended the Beaver County Democratic Committee meeting at Old Economy, near Ambridge, including committee-men and women and state and county employees.

He urged the county committee to be patient and work out its difficulties. He commented on the growth of Democratic registration in the county which now has a lead of 10,000 over the Republicans. He urged against complacency, asking: "Where will your jobs be next years if a Democratic governor is not elected?"

Eli Corak, Midland Burgess, County Commissioner and Democratic chairman, presided.

4 Pass Exam For City Post

The Municipal Civil Service Commission prepared today to certify the names of three women who received the highest scores in a competitive examination Tuesday night for the \$250-a-month post of clerk-stenographer in the city income tax department.

Receiving the highest scores, in the order they finished, were: Betty Lou Allison, 303 Moore St.; Ginger Ella Hile, 1260 Erie St.; and Wanda Louise Greenwood, 1866 Idaho Ave.

Mary Catherine Connell, 1311 St. Clair Ave., was the only other

woman to receive a passing grade among the eight who took the test at the Ohio Valley Business College, P. K. Calhoun, clerk, said.

The commission met Wednesday afternoon at its office in City Hall to grade the papers.

The names of the three will be forwarded to City Treasurer Bert A. Dawson, who is the appointing authority since the income tax department is a division of the treasurer's office.

The controversial test was postponed from several weeks ago when the commission received an anonymous tip that one of the applicants had been shown the questions. However, it held an investigation and absolved the accused of blame.

3 Boys, Home's Attendant Drown

WEST UNION, Ohio (AP)—Three boys at the Adams County Children's Home who begged an attendant Wednesday to take them swimming are dead today.

So is the attendant, Chester Hurst, 50.

Hurst told the youngsters he would take them to Lick Fork Creek if they finished their chores. They did, and in the afternoon Hurst left for the swimming place, six miles away, with six boys from the home and a neighbor's son.

They went to a place near Ohio 41, close to Dunkinsville, where the creek forms a pool.

One of the boys, Roger (Bud) Damron, 14, lost his footing. Hurst went to his aid. Damron grabbed him and both went under.

Two other 14-year-olds, Richard Henderson and Eugene McKee, tried to save them. All four sank. One of the other boys ran for help.

Men working on the road recovered the bodies from six feet of water. Dr. Sam Clark, Adams County coroner, ruled their deaths accidental.

Business Figure Dies

DETROIT (AP)—Lawrence N. McLouth, 63, a director and one of the founders of the Nosag Spring Co., died Wednesday. McLouth, Detroit representative of the Super Tool Co. until his retirement four years ago, was born in Cleveland.

Swedish Poet Dies

MALMOE, Sweden (AP)—Hjalmar Gullberg, 63, noted Swedish poet, drowned Wednesday while bathing in Yddingen Lake near Malmoe in South Sweden. He was a member of the Royal Swedish Academy of Letters, which awards Nobel Prizes.

Some Would Like To Get

Fragments From Letters

By HAL BOYLE
NEW YORK (AP)—More fragments from letters some people would like to get—but rarely do: "It is with real pleasure we

inform you your recipe for making chocolate-flavored peanut butter patties has won first prize in our national contest. You and your husband can pick up the

\$10,000 check—and the two round trip tickets to Paris—at our office whenever you..."

"Your boy's feat in pitching a no-hit victory for his kindergarten baseball team has come to the attention of our organization. In keeping with the program of the New York Yankees for long-term player development, we are willing to give your lad a \$60,000 bonus to sign with us now. Naturally, before reporting to us, we would prefer that he go on with his schooling—as later it will be necessary for him to autograph baseballs."

"We are returning your check for \$75, covering the latest installment due on your loan. When Bascom G. Goodheart, our president, died last month, he left a proviso in his will that all outstanding loans be canceled. So you owe us nothing. Would you like to start all over, and borrow some more?"

"And so, in recognition of the fact that you are the millionth customer for our new cars this year, the manufacturer is pleased to offer you the model of your choice with our compliments, plus free repairs for the life of the vehicle."

"No wonder you can't grow anything on that old farm you bought for your retirement years! The soil sample you sent is heavily saturated with ground oil. Our advice to you: Quit planting and start drilling—and then buy a home in Palm Beach. You ought to be able to bring in 10 gushers an acre."

"It was one of those unfortunate mix-ups which I'm sure you'll understand. But the fact is we had the wrong X-rays. It is not your wife who is going to have triplets."

"The President was so impressed with your proposal to reduce income taxes that he is placing a special plane at your disposal so that you can fly to Washington to explain it to him in person. While all the cabinet posts are presently filled, there is always the opportunity that..."

Reunion Group's Officers Picked

Elmer Whetzel was elected president at the annual reunion of the descendants of William and Barbara Ellen Jacobs Sunday at Smiths Park near Hammondsville. Mrs. Sherrill Huff was elected secretary and Mrs. Marilyn Furbee was named treasurer.

Prizes were awarded to Mrs. Clyde Workman of Pine Grove Ridge for the largest family attending; Mrs. Hazel Snyder and Marlene Orila of Talmadge, farthest distance traveled; Mrs. Hazel Lutton, Mrs. Gladys Whetzel, Cecil Maple and Dan Wilson, oldest present, and Jeffrey Huff, youngest.

Over 40 attended. The 1962 reunion will be held in July at the park.

The state of Florida boasts the world's largest shuffleboard club, in the favorite "retirement" city of St. Petersburg.

Another Vote Requested On Chester Pool

"What ever happened to plans for Chester's swimming pool?" Chester Council was asked Wednesday night by Don Chaney, chairman of the civic pool committee.

In effect, Council replied the pool committee would have to obtain petitions again to have the issue placed on the ballot, similar to the procedure used in 1960, when the measure passed but was later ruled improper.

Over 900 names were signed to petitions a year ago and a 2-mill levy was authorized for the June election. The proposal was supported by a vote of 803 to 730, apparently clearing the way for construction of the \$70,000 pool.

However, the ballot described the proposal as a "revenue bond issue," incompatible with the original authorization and making the pool program almost financially impossible, since it would have called for making the project self-supporting.

Chaney last night asked Council to have the proposal placed upon the ballot again, citing the need for a pool in the community and pointing out the proposal had popular support a year ago.

"People keep asking me about the pool," he declared. Chaney said young people of Chester deserve such a facility and other communities in the area have pools.

Councilman Donald Hissam said Council was advised by legal authority a proposal for the pool project to be placed on the ballot would have to be initiated by petitions from citizens. He said his understanding is that Council could not authorize such a measure for the ballot by itself.

Councilman Charles Kology said the pool project presents a number of problems of financing. He said other communities with pools also have levies to provide for pool operations.

Chaney declared he lacks the time to seek new petitions and asked if he were able to obtain a satisfactory legal ruling that Council could of itself authorize such a measure for a ballot, would Council do so.

Councilmen said they could not bind themselves to such an action, but would "decide then."

In other action, Council authorized a \$250 payment for Hubert Myers, street commissioner, for overtime work performed in the past year.

Myers submitted a letter to Council asking for a salary adjustment or compensation for some 257 hours of overtime worked in the past without pay.

Councilman Hissam estimated the overtime was equivalent to about 30 days' labor and made a motion that the \$250 be paid to Myers, whose salary is \$4,200.

At the July 5 meeting, Council authorized \$500 each for the two regular police officers for extra work performed in the past year.

The Ohio Tar & Asphalt Co. of Canton notified Council by letter that it could not undertake a proposed seal coating of some Chester streets because of work scheduled elsewhere, but referred Council's request for estimates on the work to Robert Snyder of Hanoverton.

Bob Skolny of 4th St. requested a depression in a drainage ditch in front of his home be repaired.

Councilman Kology served as clerk in the absence of Roy Cashdollar, clerk, who is on vacation. Bills paid totaled \$2,389 and receipts listed were \$5,592. Mayor Ray Collins presided.

The next meeting will be Aug. 2.

Speakers will include Joseph D'Alesio, president of Local 1212, Kay Kluz, director of the union's District 20, and Eli Corak, Midland burgess and Beaver County commissioner.

Others attending will include the honored guests and their parents and the four winners of last year's scholarships, Betty Cronin of East Liverpool, Frederick Killmeyer of Rochester, Donna Hart of Midland and Rosemarie Caffro of Ohio View, Industry.

Also attending will be School Supt. Ralph H. Jewell, High School Principal William A. Walters, John Shovin III, Board of Education member, Raymond Stowitzky, educational consultant, J. C. Singleton, union committeeman, and union officers, Edward Melvin Jr., vice president, George Bradshaw, recording secretary, Steve Luketich, treasurer, and Alfred Monaco, financial secretary.

Driver Faces Charge In Guardrail Damage

SALINEVILLE — Donald G. Casey of Louisville was being held at the Stark County Jail today on a warrant issued by Police Chief Cleo Mellott for leaving the scene of an accident and destruction of state property.

Casey was apprehended by Stark County authorities overnight, and Chief Mellott was to transfer him here for a hearing. The chief said Casey's car was identified as one which struck guardrails and knocked down a direction sign on Route 164 inside the village Saturday.

Keep In Trim

By IDA JEAN KAIN

Dieters Should Learn Cause Of Overeating

Interest, excitement, and goals help to give the will power. When you harness your will to the goal of slimming down one size this summer, and

Ida Jean Kain, something else is needed. In a word, enlightenment.

The common causes of overweight are poor food habits, haphazard eating, and turning to food to ease stress and strain. There is no mystery about why pounds pile on. When the calories in your daily fare add up to more fuel than you expend in energy, nature stores the excess.

The mystery about this whole business is why you overeat when you really want to slim down. It's almost as if you were going against your own will, you write ruefully.

PLAY DETECTIVE. In a mystery story, the real culprit is the least likely suspect. Likewise, the real reasons for overeating can be obscure. One clue is to take an honest look at your alibi. Catch on to this trick of the mind, and recognize that by justifying to yourself why you overeat, you get out of trying to slim down!

A young mother wrote, "For years I rationalized that my family would rather have me fat and happy than thin and jumpy." When the doctor warned her to reduce to improve her health and she faced the fact that staying overweight did not make her a better mother, she was "free" to act.

The most effective effort is based on an understanding of what kind of effort is needed. It will be enlightening for you to keep a diet-diary — mood memo. Write down what you eat, together

with the calories, and in an adjoining column jot down your mood of the moment.

What were you thinking? What situation were you in? What sent you toward the cookie jar? Keep this record for a few weeks and the pattern will stand out. The insidious part of turning to food to ease stress and strain or to ward off discontent or to ward off tension is that this reaction rather quickly turns into habit. You create a false appetite.

In order to be set free you must recognize what you tend to do, face it, and then be willing to act to change the pattern. To work with your will in this regard, play your mental movie.

Plan to take five minutes to relax your muscle tensions and free your mind from everyday problems; then flash on the screen of your inner mind the slimmer you modelling that dress. To get a lift, follow through with a few stretch-bends.

SLIMMING DIET

Breakfast

Honeydew wedge, chilled; cereal, hot or cold, $\frac{3}{4}$ cup; whole milk, $\frac{1}{2}$ cup, coffee or tea.

Luncheon

Canadian bacon, 3 small slices; whole wheat toast, 1 slice; tossed green salad; low calorie dressing, 1 tsp.; pineapple wedge or melon; milk, skim or buttermilk.

Pick-up — Thin slice toast and butter, tea, iced or hot, lemon wedge.

Dinner

Iced grapefruit juice, $\frac{1}{2}$ cup; broiled chicken, quarter of 2 lb. broiler; fresh green beans, $\frac{1}{2}$ cup; summer squash, cooked with chopped onion and tomato; watercress and lettuce salad; low calorie dressing, 1 tsp.; Angel cake, 2" wedge at circumference, coffee or tea, black.

Total calories for day — 1,045.

If you wish additional menus, send a long, self-addressed, stamped envelope for "Hunger Control Diet." Address your request to Ida Jean Kain, in care of this newspaper. Postcard requests cannot be answered.

Pine-Mint Shake Makes Refreshing Drink

It is the alert homemaker who realized that warmer days also mean more strenuous activity by members of her family.

Children playing outdoors, father mowing the lawn or dashing off to the golf course for a quick 9 holes — even the lady of the house feels more like working in the yard or playing a few holes of golf herself.

All of this emphasizes the importance of every member of the family receiving the nutrients necessary for healthy bodies.

Make sure your family is getting their full share of dairy foods by serving pine-mint shake at lunch or as an after school treat. It also is a perfect refreshing drink for friends who drop by.

1 can (8 $\frac{1}{2}$ oz.) crushed pineapple, undrained (about 1 cup)

1 cup chilled milk

2 pints vanilla ice cream

$\frac{1}{4}$ to $\frac{1}{2}$ teaspoon mint extract (or to taste)

Green food coloring

Combine pineapple and milk

in container of electric blender. Cover. Blend at low speed until smooth about 1 minute. Cut 1 pint of ice cream into thin slices; add to blender container. Cover and blend until smooth about 30 seconds.

Add mint extract as desired and green food coloring as needed to tint an attractive green color. Divide pineapple mint mixture into 4 tall or 6 average size glasses and top with remaining ice cream. Garnish with canned pineapple rings and mint leaves, if desired. Makes 4 to 6 servings.

Lisbon WCTU Plans Camp For Youngsters On Aug. 18

Fourteen members and a guest were present Tuesday afternoon for a meeting of the Lisbon Women's Christian Temperance Union at the home of Mrs. Ernest Dillon on Fairfield Rd.

Mrs. Homer Bell, president, opened the meeting with prayer and conducted the white ribbon exercise.

Mrs. Jack Stockman announced that the day summer camp for children sponsored by the group will be held at the Methodist Church on Aug. 18.

The flag salute ceremony followed. Mrs. Herbert Johnson was devotional leader, using the theme, "Obedience to Government." Hymns were sung by the group.

Program Topic Listed

Mrs. Lodge Thorne presented the program. Her subject was "S.T.O.P. Spells Hesitate."

Refreshments were served by the hostess, assisted by Mrs. Mary Wilson and Mrs. Thelma Roberts.

Mrs. Lawrence McCormick of Leontia R. D. 1 will receive the group Aug. 15 for a picnic.

The auxiliary of Wilfred Clunk VFW Post was presented an award for community service when it met at the post home Tuesday night.

The presentation was made by Mrs. Wilhelmina Copp of New Philadelphia, past district president. She was accompanied by her secretary, Mrs. Mildred Curtis.

Picnic Planned

Mrs. Marie Cosma, president, conducted the meeting.

Plans were made for the annual picnic of the VFW at Cope Lake near Columbiana Aug. 13. Mrs. Mildred McDewitt, Mrs. Helen Morris and Miss Kathryn McKee are on the games committee.

A report was given that Mrs. Agnes Ford, Americanism chairman, had presented the VFW and auxiliary gift to 16 boys leaving for service Tuesday.

The next regular meeting will be Aug. 1. The group will go out for dinner at 6:30 preceding the meeting.

The TOC club of the First Christian Church held a picnic supper and social Tuesday evening at Firestone Park in Columbiana.

The club plans to go out for dinner for the Aug. 15 meeting.

Mrs. Bertha Lodge and Mrs. Esther Will were guests Tuesday night when Mrs. James Berry of Pritchard Ave. was hostess to the Harmony Club.

2 Receive Prizes

Two tables of 500 were in play, with prizes awarded to Mrs. Roy Patterson and Mrs. Bessie Lipe. Lunch was served by the hostess.

Mrs. C. E. Mitchell will entertain Aug. 1 at her home on W. Lincoln Way.

ONO club members and guests had a full evening Tuesday, with

bowling at Timberlanes in Salem and later returning to the home of Mrs. Don Carman of N. Jefferson St. for Canasta.

Guests were Mrs. Carl McCord and Mrs. Thomas Kastner. Prizes were won by Mrs. McCord and Mrs. Dean Rose. Lunch followed.

Mrs. Rose of Franklin Square Rd. will receive the club Aug. 8.

Boy Ends Visit

Randy Babb of Salem has returned to his home after spending a week with his grandparents, Mr. and Mrs. James Babb of N. Jefferson St. This week, their granddaughter, Barbara Carter of Warren, is visiting them.

Mrs. Keith Riffle and children of Salem, the Babb's daughter, spent Monday with them, having just returned from a trip to New Mexico.

Mr. and Mrs. Ray Davies and children of W. Washington St. have returned to their home after a week's vacation at Guilford Lake.

Chief In Weirton Will Fight Firing Before Council

WEIRTON — Mayor David T. Frew, in a prepared statement, announced Wednesday that he had "released" Police Chief Joseph Rodak, effective Tuesday. The chief immediately promised a battle and said he will "tell the full story."

The mayor said the action was necessary "in order to preserve the efficiency of the police department." Capt. Andrew Olenick has been named acting chief until a successor is appointed.

Mayor Frew offered no further explanation of the action. Rodak has been noted for being opposed to gambling and liquor violations in the community. He had conducted several raids on gambling establishments.

The appointment of a chief is made by the mayor, with the approval of City Council, under the City Charter, but confirmation from Council is not needed for the dismissal.

Rodak said he will ask for a public hearing before City Council to seek the reason why he was fired and what charges have been placed against him.

Rodak said he "kept a clean city." He said he had been asked earlier to resign, but had refused.

Rodak has a brother, George Rodak, who is a member of Council. Council would not have had to take any action had no appeal been filed. Now it will require a two-thirds vote to confirm the dismissal.

The sun is the only star that is bright enough and near enough to cast a shadow upon the earth.

Bringing Up A Family

By GARRY C. MEYERS

Bossy Child Needs Firm Correction

When they see their tot, three, four or five, bossing other children he plays with, some parents suppose that he reveals early of leadership.

If he is to become a Hitler or a Stalin they might be right. But he won't become a good leader in a democracy. If he wins his way now with his way now with other children, Dr. Garry Meyers

dren, bosses them, by sheer aggressiveness and force, he hardly will be chosen at 10 or 12 as the leader of his club. If, however, this tot seems to be a leader of his present group because of his superior skills and persuasive ways, he really may be a strong potential leader. In such case, however, one hardly would call him a bossy child.

THE KIND OF BOSSY child many mothers write me about is the youngster who tries always to have his own way with his playmates, telling them what to do or play next, winning his way with them by sheer force. Other children do what he says because they are afraid to do otherwise. He may be stronger than they are or just more daring and domineering.

A Texas mother writes of her daughter, three:

"She doesn't know how to play without bossing. It's 'Shut up! Stop that!' or 'I'm going to hit you!' all day long."

This child would most surely be curbed or corrected if she often played with children who would not submit to her bossiness, who would even punish her in their

own way. Unfortunately, however, the bossy child avoids playmates he can't dominate. Instead, for playmates, he chooses younger children he can easily boss around.

IF YOU HAVE a bossy child, three, five or eight, look into his bossy ways with you and other members of the family. Perhaps he has his own way with you and other members of the family. He may win his way with you by being ugly, even by throwing a tantrum.

You may be in the habit of surrendering to his tyranny. Look into this problem and see that he doesn't boss you or anybody else in your presence.

If, for example, he says in your hearing to another child, "Shut up!" or "I'm going to hit you!" you might properly and effectively turn him over your knee and give him several resounding smacks with your bare hand.

ATTRACT TO YOUR home one or more children of about your bossy child's age. Study him in relation to them. You soon may discover that he tries to tell them what to play next, and makes such decisions in the most whimsical and tyrannical manner.

Curb such behavior. See that his young guests, more often than he does, may choose what and how to play next.

As he shows the slightest improvement, celebrate with him his successes.

My bulletins, "The Bossy Child," "The Very Selfish Child," and "Your Child and His Playmates," may be had by sending a self-addressed stamped envelope to me in care of this newspaper.

ators have been demanding that, if the general education bill is dead, a separate impacted areas extension bill be put through before Congress quits for the year.

However, Rep. Frank Thompson Jr., D-N.J., chief sponsor of the general bill in the House, said "It is my considered judgment that the President would veto any separate impacted area legislation unless it was cut well below the current level."

Sen. Wayne Morse, D-Ore., the chairman of the Senate Education subcommittee which would have to handle any separate Senate extension bill, told newsmen flatly he would do nothing to get such legislation enacted.

"It is my opinion," he said, "that the aid provided in the impacted areas laws will and should come to an end unless the Congress proceeds to pass a general education bill."

Officer Ends Battle Threat Of Juveniles

A juvenile argument in a city theater between a Chester boy and an East Liverpool youth Wednesday afternoon ended with six Chester boys and nine city boys being hauled into Chester City Hall after a threatened gang battle on Carolina Ave.

Patrolman Clarence Lennens of Chester interrupted the looming street struggle, marching the nine East Liverpool teenagers from in front of Herche's Drug Store at 4th St. to the City Hall at 5th St., then returned and took the six Chester youths to the hall. The group ranged in age from 12 to 17.

One Chester boy and two city youths were ordered to appear before the Hancock County Juvenile Officer Joe Grossi at Chester Tuesday and the remainder of the boys were advised they were subject to call, Lennens reported.

The officer said the issue began in a theater, apparently the result of previous friction between two youths. The city group then traveled to Chester.

Eddie Robert Hedrick, 16, of Minerva St. posted \$30.50 bond for a hearing Saturday before Mayor Ray Collins on a charge of driving without a license. The city boys went to Chester in a vehicle driven by Hedrick, authorities said.

Legal Officers Wait Meeting On Valley Gas Rates

Solicitors from 11 Ohio Valley communities will meet Friday noon in Steubenville to discuss the proposed rate increase which is being sought by the Ohio Valley Gas Co.

Solicitors Joseph W. Cooper and William Bush will represent East Liverpool and Wellsville at the session.

It is the second time in a year the solicitors have joined forces after the utility asked a rate increase. In the last rate request, the affected cities hired a rate expert and carried the protest to the Public Utilities Commission, but the commission granted the firm an emergency increase.

Under the new proposal which has been submitted to the Councils in the various communities, the utility is asking a varying minimum rate for the first 2,000 cubic feet.

The new rates would provide a minimum of \$6.34 in East Liverpool and \$6 in Wellsville.

A main reason is to assure reliability of safe flight and return, says a space official. One trip doesn't do it.

But why not make this next trip a full orbital flight, like the

one by the Soviet's Yuri Gagarin? Answer, the bigger Atlas rocket needed for that is not ready.

Meanwhile, Capt. Virgil T. Grissom's flight is another step toward building reliability, and that could pay off tremendous dividends in space knowledge.

Dr. Robert Voas, psychologist and training officer for Project Mercury.

Money is lost and hopes dashed when satellites carrying scientific instruments are lost, fail to work, or fail to be recovered.

With man aboard, his return must be guaranteed.

Assured return means recovering not only the instruments but what a man's eyes and brains also learned.

Ex-Mental Case Killed; Wounded Pair At Hospital

ST. LOUIS, Mo. (AP)—A former mental patient grabbed a policeman's revolver and began shooting at 15 persons in the receiving room of City Hospital No. 2 today.

Two policemen were wounded and the gunman was killed in a running gun fight with another officer.

Police said the dead man, Richard Shackleford, about 26, was identified by a relative as a former mental patient. The relative didn't know why Shackleford was at the hospital.

Cpl. Raymond Oberlin, 45, shot in the groin, was reported in critical condition. Patrolman Virgil Page, 51, was wounded in a leg.

At least four policemen were among the 15 persons in the receiving room of the North St. Louis Hospital when the shooting began at 12:30 a.m.

ANNOUNCEMENTS

IN MEMORIAM

IN memory of Ethel May Riser, one year.

The gain of battling without farewell. The call was so short and shock, so severe, to part with you, wife and mother, who we loved so dear. No matter where we go there'll always be something that makes us think of you.

Mr. Carl A. Riser and Family

CARDS OF THANKS

WE little think as we go from day to day, how quickly sorrow can strike. The instant sympathy and helpfulness of friends deeply comforting in our bereavement.

Our loved husband and brother, GEORGE HAMPSON. We are grateful to each and all who have helped us in our time of need.

WIFE LOIS HAMPSON, BROTHERS AND SISTERS.

FUNERAL DIRECTORS

WE welcome an opportunity to accompany you to the funeral home.

Firemen's March Friday

2nd Kiddie Parade Slated
Tonight At Fete In Newell

A second "kiddie parade" will be held tonight at 6 in Newell as a feature of the annual benefit fair of the volunteer fire department.

Climax of the fete will be a parade of Tri-State area bands, drum and bugle corps, marching units and fire equipment Friday night at 7.

Chief Charles Lee, carnival co-chairman, said the kiddie parade will form on 4th St. between Grant St. and Washington St., the same location of Monday's parade, which was rained out.

The parade will move up Washington St. to Clark Field, location of the carnival, for judging. First and second prizes will be

awarded for the best boy's and girls decorated bicycles, best comic group or person, best decorated pet and best looking boy and girl in costume.

About 70 units are expected for the firemen's parade Friday, with 40 units accounted for already.

The lineup will include the Newell High School Band, the Imperial (Pa.) Firemen's Band, the drill team of Wellsville Veterans of Foreign Wars Post 9285, state drill champions, the Chester Drum and Bugle Corps and the 1961 Poppy Queens of the Newell American Legion, accompanied by Mrs. Sadie Nalley, president of the auxiliary of Post 114.

The parade also will include Cub

Scouts. Firemen hope the Oakdale (Pa.) Drum and Bugle Corps will participate. Hancock County Sheriff Joe Mannypenny will be parade marshal.

It was announced there will be no parking on Grant St. from 4 to 7 p. m. because of the parade.

The parade will form at 6th and Grant Sts., move down Grant St. to 2nd St. and Washington St. and then up Washington St. to Clark Field.

Archie Coen is parade chairman and Harold Bailey is carnival co-chairman, along with Lee. The carnival ends Saturday.

Granted Increase

SANTA MONICA, Calif. (AP)—Singer Helen O'Connell was granted an increase from \$450 to \$1,500 monthly support for her three children by Clifford Smith Jr., 40, heir to a Boston investment fortune. The couple was divorced in 1951.
